Request for Permit Renewal

Dear Ms. Avery:

We respectfully request a four month permit renewal for our Project to allow us to complete the Project referenced above. On October 31, 2012, the Illinois Health Facilities and Services Review Board granted the Applicants a permit to establish a 50-bed skilled nursing facility in Shorewood. On April 4, 2014, the Board granted an extension of the Project completion date through November 30, 2015, and then later a second permit renewal was approved through December 31, 2016.

Requested Completion Date

We seek a four month extension to April 30, 2017.

Status Report on Project and Statement as to Reasons Why the Project Has Not Been Completed

Actual construction will be 100% complete by November 30, 2016. Our licensure application was submitted to Illinois Department of Public Health ("IDPH") and approved. Also, our package to the architect of IDPH has been submitted.

We will be awaiting the architects and licensure inspection surveys and it may run over our original completion date.

Project's Cost and Scope

The Project's cost and scope remain in compliance with the permit approved by the Services Review Board. Sufficient financial resources are available to complete the Project.

Enclosed please find the required $500 application fee. Please let me know of any questions on this material, or if additional information needs to be provided.

Thanking you in advance for your assistance, we remain,

Respectfully,

ALDEN COURTS OF SHOREWOOD
