HEALTH FACILITIES &
SERVICES REVIEW BOARD

This is to support the transfer of Physicians Surgery Center to O'Fallon, Illinois. Physicians Surgery Center has been a part of the community for years. Unfortunately since St. Elizabeth's Hospital closed in the area, it is not in a place where a lot of patients want to go, and I feel that if it is moved to a more healthcare oriented location it will be utilized better. I know patients from Belleville will start to have access to the surgery center, and I wholeheartedly am behind the idea of moving the surgery center to O'Fallon, Illinois.
