2. On the Petition Date, the Office of the United States Trustee appointed Mr. Alfred T. Giuliano to serve as chapter 7 trustee ("Original Trustee") of the Estates.

3. On August 13, 2019, the Delaware Court entered the Order Granting Motion of the United States Trustee to Transfer Venue to the United States Bankruptcy Court for the Northern District of Illinois, Eastern Division ("Transfer Orders") in each of the Cases [Case No. 19-11756, Dkt. No. 59; Case No. 19-11757, Dkt. No. 57]. Pursuant to the Transfer Orders, the Delaware Court transferred the Cases to this Court.

4. On August 14, 2019, the Office of the United States Trustee appointed Mr. Bodenstein to serve as the successor chapter 7 trustee of the Estates.

5. On August 26, 2019, the Court approved the joint administration of the Cases for procedural purposes only [Dkt. No. 33].

6. This Court has jurisdiction to hear this matter and enter a final order granting the relief requested herein pursuant to 28 U.S.C. §§ 157(b)(2) and 1334 and Internal Operating Procedure 15(a) of the United States District Court for the Northern District of Illinois. Venue of this proceeding and Application is proper in this district pursuant to 28 U.S.C. §§ 1408 and 1409. This matter is a core proceeding within the meaning of 28 U.S.C. § 157(b)(2)(A), (M) and (O).

EVENTS SINCE THE FILING OF THE CASES

7. Prior to the Petition Date, the Debtors owned and operated a 230-bed hospital ("Hospital") and the adjoining medical office building ("MOB") in Melrose Park, Illinois. The equipment and underlying real property utilized by the Hospital and the MOB are owned by Holdings, and Pipeline-Westlake is the operating entity for the Hospital.

non-bankruptcy law. The Estates will also receive the proceeds of any amounts paid by Inmar for the Remaining Inventory.

12. In connection with the sale, the Purchaser will complete the required Drug Enforcement Agency ("DEA") forms in order to transfer the inventory from the Hospital to the Purchaser. Once the transaction is completed, the DEA forms will be filed with the appropriate regulatory agencies by the Purchaser and maintained in compliance with applicable non-bankruptcy law.[2]

13. After consultation with his professionals, the Trustee has determined that the Purchaser's offer is fair and is in the best interests of the Estates.

RELIEF REQUESTED

14. The Trustee requests that the Court enter the proposed order in the form appended hereto ("Order") authorizing the Trustee to sell the Purchased Inventory to Purchaser free and clear of Interests on the terms set forth herein and in the Bill of Sale. In addition, the Trustee requests that the Court approve the limited and shortened notice of the hearing on this motion.

BASIS FOR RELIEF REQUESTED

15. Section 363 of the Bankruptcy Code provides that the trustee, "after notice and a hearing, may use, sell or lease, other than in the ordinary course of business, property of the estate." 11 U.S.C. § 363(b). To approve the use, sale or lease of property outside the ordinary course of business, this Court need only determine that the Trustee's decision is supported by "some articulated business justification." *See, e.g., Fulton State Bank v. Schipper*, 933 F.2d 513, 515 (7th Cir. 1991); *see also In re Telesphere Communications, Inc.*, 179 B.R. 544, 552 (Bankr. N.D. Ill. 1999). The Seventh Circuit has stated that a trustee's justification for a transaction warrants

[2] Copies of the DEA forms will be provided upon request to counsel for the Trustee.

19. Fourth, a large portion of the inventory was purchased in bulk and repackaged by Pipeline-Westlake and relabeled according to an inventory system that is also used by the Purchaser. Unless a potential buyer uses the same labeling and bar coding system as Pipeline-Westlake, it will need to manually reenter all of the information into its computer system. This further reduces the value of the Inventory to any buyer other than the Purchaser.

20. Finally, pharmaceutical products have a limited shelf-life and the value of the Inventory is quickly depreciating. The sale of the Inventory must occur quickly to avoid any further loss in value to the Estates.

21. Alternatively, if the sale is not approved, the Trustee is concerned that the Estates will likely recover nothing for the Inventory and may incur substantial disposal costs along with additional liability with respect to the continued storage of the Inventory at the Hospital.

22. For those reasons, the Trustee has determined, in the exercise of his business judgment, that the most viable option for maximizing the value of the Inventory and reducing costs and potential risks for the Estates is the proposed sale to Purchaser. Accordingly, the Trustee has determined that proceeding with a private sale to Purchaser, pursuant to the Bill of Sale and the terms set forth herein, is in the best interests of the Estates.

23. Under § 363(f) of the Bankruptcy Code, a debtor in possession may sell property free and clear of any lien, claim, or interest in such property if, among other things:

> (1) applicable nonbankruptcy law permits sale of such property free and clear of such interest;
>
> (2) such entity consents;
>
> (3) such interest is a lien and the price at which such property is sold is greater than the aggregate value of all liens on such property;
>
> (4) such interest is in bona fide dispute; or

Respectfully submitted,

Ira Bodenstein, not personally, but as chapter 7 trustee for the bankruptcy estates of Pipeline – Westlake Hospital, LLC and Westlake Property Holdings, LLC
