Re: Notice of Completion
Orland Park Surgical Center
Project # 12-028

Dear Ms. Kendrick:

Please be advised that the above captioned project was consummated on January 31, 2012 (subject only to the approval of the Illinois health Facilities and Services Review Board (the "Board")) with final payment being made on August 1, 2012 and that it was completed consistent with all terms of the Permit, including the project's costs, sources of funds, and services as approved by the Board. The approved cost of this project was $550,000 and the source of the funds was cash. The final cost for this project was also $550,000 and it was funded in cash. There were no additional or unanticipated costs for the project. In lieu of setting forth a comparison of the approved costs and funding to those incurred, attached hereto is a true and correct copy of the wire transfer from McGuireWoods LLP to Midwest Physician Group in the amount of $550,000 which constituted the final payment for the transaction. In addition, none of the project costs were submitted for reimbursement under Title XVIII and XIX of the Social Security Act. Accordingly, Orland Park Surgical Center has not enclosed an itemization of project costs that were submitted for reimbursement under Title XVIII and XIX.

In addition, please be advised that the undersigned hereby certifies that:

- The costs identified in this letter are the total costs that were required to complete the project; and
- There are no additional or associated costs or capital expenditures related to the project which will be submitted for reimbursement under Title XVIII and XIX.

Sincerely,

Steven R. Wardell, M.D.
