Nursing Home Violations for Second Quarter 2019

SPRINGFIELD – The Illinois Department of Public Health (IDPH) today announced the 2019 Second Quarterly Report of Nursing Home Violators is now posted on IDPH’s website. The report contains additional information about the violations.

The facilities listed below were cited with type “AA” or “A” violations of the Nursing Home Care Act and processed between April-June 2019. An “AA” violation is cited when there is a condition or occurrence at the facility that proximately caused a resident’s death. An “A” violation pertains to a condition in which there is a substantial probability that death or serious mental or physical harm will result, or has resulted.

The following facilities were cited with “AA” violations.

[Claridge Healthcare Center](#), a 231-bed skilled and intermediate care facility, located at 700 Jenkisson in Lake Bluff, was fined \$50,000 for failure to immediately initiate cardiopulmonary resuscitation (CPR), and to ensure staff were certified in CPR, could identify a resident’s code status, verify the presence of a resident’s advance directive, and match the resident’s physician order.

[Iona Glos SLC](#), a 100-bed intermediate care and developmental disability facility located at 50 South Fairbank Street in Addison, was fined \$25,000 for failure to ensure emergent life sustaining measures were implement for a resident.

[Lebanon Nursing Care](#), a 90-bed skilled care facility located at 1201 North Alton in Lebanon, was fined \$50,000 for failure to provide continual abdominal thrusts to open an obstructed airway, initiate CPR, and activate emergency medical procedures.

[Mendota Lutheran Home](#), a 113-bed skilled and shelter care facility located at 500 Sixth Street in Mendota, was fined \$50,000 for failure to follow a resident’s code status and initiate CPR.

[Presence St. Anne Center](#), a 179-bed skilled care facility located at 4405 Highcrest Road in Rockford, was fined \$50,000 for failure to send a resident for evaluation after changes in vital signs and consciousness, which contributed to a delay in treatment and unnecessary pain.
