## **IDNR Launches New ‘Hunt Illinois’ Website**

SPRINGFIELD, Ill. – The Illinois Department of Natural Resources (IDNR) today announced the launch of the new [Hunt Illinois](https://huntillinois.org/) website – an online resource for Illinois residents and visitors to the state interested in hunting in the Land of Lincoln.

The website includes information on Illinois hunting seasons, places to hunt, licenses and permits needed, hunting and trapping regulations, hunter harvest reporting, hunter safety, wildlife management, and conservation programs.

“The new Hunt Illinois website is an easy-to-use one-stop resource for hunters to find just about everything they need to know about planning a hunt, no matter the species, no matter the season,” said IDNR Hunter Heritage Program Manager Jared Duquette.

The new website was developed by the IDNR in cooperation with the National Great Rivers Research and Education Center, with funding support from the U.S. Fish and Wildlife Service Wildlife Restoration Program.

The Hunt Illinois website can be accessed through most desktop and laptop computer web browsers, or by using most mobile devices, at <https://huntillinois.org/>.
