**How does a person make an abuse report?**

Anyone who suspects that an older adult or an adult with a disability is being mistreated should call the Illinois Department on Aging Abuse Hotline:

1-866-800-1409
TTY: 1-888-206-1327
All calls are confidential.
How many reports of abuse were received?

During the period of July 1, 2014, through June 30, 2015, there were 14,858 reports of abuse received by the program, which included, 2,723 reports involving adults with a disability age 18-59.

What is abuse?

Abuse refers to the following types of mistreatment of any Illinois resident 60 years of age or older and any adult with a disability age 18-59 who lives in the community and is abused by another person.

**Physical Abuse** — causing the infliction of physical pain or injury to an eligible adult.

**Sexual Abuse** — touching, fondling, or any other sexual activity with person when the person is unable to understand, unwilling to consent, threatened, or physically forced.

**Emotional Abuse** — verbal assaults, threats of abuse, harassment, or intimidation so as to compel the eligible adult to engage in conduct from which s/he has a right to abstain or to refrain from conduct in which the eligible adult has a right to engage.

**Confinement** — restraining or isolating an eligible adult for other than medical reasons.

**Passive Neglect** — another individual’s failure to provide an eligible adult with the necessities of life including, but not limited to, food, clothing, shelter, or medical care, because of failure to understand the eligible adult’s needs, lack of awareness of services to help meet needs, or lack of capacity to care for the eligible adult.

**Willful Deprivation** — willfully denying assistance to an eligible adult who requires medication, medical care, shelter, food, therapeutic device, or other physical assistance, thereby exposing that person to the risk of harm.

**Financial Exploitation** — the misuse or withholding of an eligible adult’s resources to the disadvantage of the eligible adult and/or the profit or advantage of another person.

Illinois Law

The Illinois Department on Aging administers the statewide Adult Protective Services (APS) Program, under the authority of the Adult Protective Services Act (320ILCS 20/1 et seq.) to respond to reports of alleged mistreatment of any Illinois citizen 60 years or older and any adult with a disability age 18-59 who lives in the community at the time of the report.

The APS Act is locally coordinated through 42 provider agencies, which are designated by the Regional Administrative Agencies (RAAs) and the Department on Aging. All Adult Protective Services Caseworkers are trained and certified by the Department, which promulgates the Program’s policies and procedures and oversees the monitoring of services through the RAAs.

Depending on the nature and seriousness of the allegations, a trained caseworker will make a face-to-face contact with the alleged victim within the following time frames: 24 hours for life threatening situations, 72 hours for most neglect and non-life threatening physical abuse reports, and seven calendar days for most financial exploitation and emotional abuse reports.

The caseworker has 30 days to do a comprehensive assessment, both to determine if the client has been mistreated and to determine his/her need for services and interventions. If the abuse is substantiated, the caseworker involves the eligible adult in the development of a case plan to alleviate the situation. The caseworker always attempts to utilize the least restrictive alternatives that will allow the eligible adult to remain independent to the degree possible.

**Limited Mandatory Reporting.** Applies to persons delivering professional services to eligible adults, including but not limited to the following fields: social services, adult day care, law enforcement, education, medical, state service to seniors, paramedics, and social work. The requirements for limited mandatory reporting apply when the reporter believes that the eligible adult is not capable of reporting the abuse himself/herself. The law also encourages any person to report voluntarily for an eligible adult, and provides immunity from liability and professional disciplinary action for anyone making such an abuse report in good faith.
