A motion was made by Mr. Ayers to approve the meeting minutes from the December 4, 2017 meeting. Mr. Huelsmann seconded. The motion passed.

Ms. Michelle Britt, the Director of Energy Programs for the International Code Council, provided a presentation summarizing the differences between the 2015 International Energy Conservation Code and the 2018 version.

Mr. Chad Kruse provided an update of the technical support to the Code that is being provided by the Illinois Environmental Protection Agency in conjunction with the SEDAC. An intergovernmental agreement (IGA) has been executed between the two agencies. SEDAC has begun organizing 2018 Energy Conservation Code Workshops. Technical support is currently being offered by SEDAC on their webpage at smartenergy.illinois.gov. However, the technical support will likely be moved to a university at the end of the IGA. Technical support can also be found by contacting Mr. Kruse. His contact information is 312-814-5956 or chad.kruse@illinois.gov.

A revised copy of the Public Code Change Proposal Form was presented to the Council by Chairman Mattingly. Mr. Plass seconded and the motion carried.

A discussion followed where Chairman Mattingly stated that the form would be available on CDB's website. In addition, it would be emailed to the Council and the email distribution list used for information about the Energy Code.
