Location of Emergency: Murray Developmental Center

Vendor: Shores Builders, Inc. (22003)

Address: 2222 E. McCord Street City: Centralia State: IL Zip: 62801

### Emergency Purchase Details

Emergency Category (select the appropriate option(s) from the checklist below):

- Involving threat to public health or public safety
- Immediate expenditure is necessary for repairs to State property to protect against further loss or damage
- To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues
- To insure integrity of State records

Describe the scope of the emergency. Show justification for the need of an emergency contract, the selection of the vendor, and explain why the need for work cannot be met through a competitive process:

In preparation for patients that are receiving mental health treatment at Murray Developmental Center, who might potentially be diagnosed with Covid-19 or show similar symptoms, the Department of Human Services is requesting emergency purchases from CDB to assess and potentially renovate space in the back hallway administration offices and in Apple Cottage for isolation rooms. This project began through an Emergency Selection of an Architect/Engineer ("A/E"); this exempts the selection from a 14-day solicitation required through Qualifications-Based Selection ("QBS"). Considering the time frames needed for the selection, negotiation and execution of an A/E contract, followed by bidding and award procedures, renovation work at Murray Developmental Center under the existing processes would likely not begin for several months. For this reason, emergency purchases are necessary to provide renovation work for the implementation of isolation rooms as quickly as possible in order to protect against the threat to public health and safety and to minimize a serious disruption in critical State services. Shores Builders, Inc., located in Centralia, IL was selected to provide construction services as they have the necessary experience for this work, are in close proximity to the site and they can respond immediately to this request for emergency services.

Describe the scope of work or services provided to include special limitations, conditions and incorporated documents:

The scope of work provides for construction services for the implementation of isolation space to meet the specific needs of the facility as directed by the Architect/Engineer of record and approved by CDB. Incorporated documents include the March 2009 Standard Documents for Construction & Supplement and design documents provided by the Architect/Engineer. Services provided under this procurement should not exceed \$100,000.00, which is a place-holder prior to entering into a Construction Contract, without prior authorization from the Capital Development Board in consultation with the Chief Procurement Office. Final Actual Costs will be reported upon project completion and project close-out.

Was authorization to proceed verbally given?  Yes  No, receipt of this signed Notice authorizes the vendor to begin work

Expected Start Date: Mar 26, 2020 Estimated End Date: Jun 21, 2020

Amount of this expenditure is: \$100,000.00 Actual or Estimated: Estimated
