*(Proposals will be submitted directly to Chicago State University)*

NOTICE TO RECIPIENTS:
Please read carefully and follow all rules and instructions in this document.

REMINDER: You are able to access the 255 Form *(REVISED 05/09)* in the Reference Library Section of CDB’s website. Use only this version of the form for submittal.

Posted to website 12/21/10.

Board Meeting results can be found on CDB’s website
March 9, 2011

CDB’s Internet Address:
www.cdb.state.il.us
The procurement of design services by the Capital Development Board (CDB) is governed by the Illinois Compiled Statutes, 30ILCS 535, Architectural, Engineering, and Land Surveying Qualifications Based Selection Act.

This Bulletin is the advertisement to procure design services whose official notification is made via CDB’s website, www.cdb.state.il.us.

Listed below are important guidelines, instructions and general information. Please read the following information carefully.

Unless otherwise specified, submittal(s) are to be sent to:

Qualifications Based Selection (QBS) Committee
Capital Development Board
3rd Floor, William G. Stratton Building
401 South Spring Street
Springfield, IL 62706

CDB is not responsible for submittal(s) sent to any individual within CDB or to another office.

SUBMITTAL REQUIREMENTS:

- In accordance with 44 Illinois Administrative Code 980.130:
  
  a) All A/Es submitting statements of qualifications for a project shall be prequalified with CDB prior to the date and time that the submittal(s) are due. Failure to be prequalified will result in rejection of the submittal(s).
  
  b) Consultants that will be performing architectural, engineering or land surveying professional services for the Prime A/E submitting the 255 form shall be prequalified with CDB prior to the date and time that the submittal(s) are due. Failure of the professional consultants to be prequalified shall result in rejection of the Prime A/E’s submittal(s).

- In accordance Public Act 095-0971:
  
  a) If the Prime A/E is required to be registered with the Board of Elections, then the registration certificate must be submitted with the 255 form.

PREQUALIFICATION:

- What type of firm needs to be prequalified with CDB?

  Any firm providing Architectural, Engineering, Asbestos Abatement design services or Land Surveying.
To verify that all design firms (Prime and/or Consultants) are currently prequalified with CDB, please access CDB’s website, http://www.cdb.state.il.us/forms/download/arch.pdf.

To obtain prequalification forms you may access CDB’s website, http://www.cdb.state.il.us/forms/download/AEprequal.doc or contact Jim Dautel at 217/782-1383.

CDB requires within its prequalification process that all firms obtain Illinois Department of Human Rights eligibility number.

Please notify Jim Dautel within ten (10) days of any significant changes in the information provided in your firm’s prequalification application form.

If selected, CDB prequalification is required until the issuance of the contract. It is the responsibility of all firms to maintain a current CDB prequalification status.

Corporations, LLPs and LLCs shall be in good standing with the Illinois Secretary of State, Corporation Division, to be granted prequalification and issued a contract.

Firms must be properly licensed in the respective profession(s) with the Department of Professional Regulation and the Department of Public Health.

SUBMITTAL PROCEDURES:

REMINDER: You are able to access the REVISED 255 Form located at the CDB’s website at http://www.cdb.state.il.us/forms/download/255form-5.1.09.doc. A copy of this form is no longer included in this publication. Use only this version of the form for submittal.

One (1) original and three (3) copies of the 255 form are necessary for each project submittal. One (1) copy of the Board of Elections registration certificate is necessary for each project submittal.

By making a submittal, the firm attests that it has read the certifications and disclosures required by the Professional Services Agreement (PSA) and the A/E Manual.

In order that all submittal(s) are similar, do not include pictures or other graphics. This form is not to be a marketing brochure. Provide only the information requested. It is not necessary to submit a copy of your CDB prequalification letter.

Cover/transmittal letters on the CDB 255 form or accordion binders will not be accepted. The CDB 255 form is the only information accepted as the submittal.

Use staples to bind the CDB 255 form.

The name of the firm making the submittal must be the legal name associated with the taxpayer’s identification number and as provided on that firm’s prequalification application.

The firm making the submittal must be the office location where the work is being performed. The office location must be prequalified either as the home office or branch office. Branch Offices not prequalified will not be accepted.
The original submittal must contain the signature of the firm’s president, vice president, partner or sole owner or any other person authorized to execute business for the firm.

Submittal(s) for more than one project may be mailed or packaged together. Separate envelopes are not required.

The submittal shall include the names of persons who will perform the services, including their project assignment or duties, as well as a resume of their experience and expertise that qualifies them to perform the assignment. This includes the listed Consultant’s designated staff.

The A/E shall clearly indicate the anticipated percentage of the services that will be performed by each listed Consultant.

The Prime A/E must use the Consultants and staff as submitted in their CDB 255 form. Consultants are considered first tier and shall hold a contract directly with the firm submitting the 255 form.

Project team changes will not be allowed without prior written approval of the Capital Development Board’s Executive Director.

Faxed submittal(s) will not be accepted.

Submittal(s) received on the designated date at or prior to 11:30 a.m. (CST) deadline will be given consideration. If a delivery service (USPS, UPS, and FedEx) is used, CDB strongly encourages that submittals be delivered one day before the deadline date.

Provide your official Board of Elections certificate of registration issued electronically by the Board of Elections. Include only your certification and not those of your consultants.

Do not include any additional information such as a prequal letter, minority certification, etc.

Do not include the name of your firm on the consultant page.

Do not include fractions when showing the percentages of work done by any consultants.

When showing the percentage of work performed by consultants in Item #4, the number should reflect the total of percentage as shown under the heading “Percentage” in the second column of the consultant page. For example, if you have three consultants and one is doing 10% MBE/FBE and another is doing 5% MBE/FBE, then 15% is what you will put in Item #4.

REJECTIONS WILL OCCUR FOR THE FOLLOWING REASONS:

Submittals received after the designated due date and time as stated on the Professional Services Bulletin.

Submittals received from a branch office that is not prequalified with CDB.

Including pictures or any graphics will result in rejection of the submittal(s).

Failure of the Prime A/E firm to be prequalified will result in rejection of the submittal(s).
• Failure of the Consultants (providing regulated design services) to be prequalified will result
in rejection of the Prime A/E’s submittal(s).

• Including any individual previous contract values can result in rejection of the submittal(s).

• If a firm’s or their Consultant’s prequalification expires during the selection process, CDB
reserves the right to remove the submittal from consideration, recommend another firm for
final selection or cease negotiations of a contract and commence negotiations with another
firm.

• Any incorrect, incomplete or misleading information given on the CDB 255 form may result in
the rejection of a submittal. Please be sure to have the information completed in its entirety.

• Failure to sign the 255 submittal(s).

• Failure to comply with Public Act 095-0971 reporting requirements, if not remedied within five
business days, will result in rejection of the submittal(s). Beginning May 1, 2010, firms will no
longer be given five (5) business days to remedy the requirement.

SELECTION PROCESS:

• Selection of design firms by CDB is not based on competitive bidding but on the firm’s
professional qualifications. Consideration criteria may include, but not limited to: experience
and expertise of professional personnel assigned to the project, relevant project experience,
prior performance, willingness to meet time requirements, proximity to site, workload/recent
selections, minority/female business enterprise participation.

• CDB strongly encourages MBE/FBE firms to apply for selection as the Prime A/E and to seek
participation as a Consultant with Prime A/E firms.

• For projects over $5 million, a combined MBE/FBE goal of 15% for the A/E design team
is applicable. See individual project despccription notice sheet.

• Subsequent to 255 submittal deadline, members of the A/E Selection Committee are not
available to discuss project specifics. CDB procedures ensure that all members of the
committee are provided with detailed information concerning prior performance, current
projects and all submittal information by the A/E firms.

• For interview level projects, all parties, including ALL CONSULTANTS, shall be available to
participate in the interview process. Not all firms that submit will be interviewed. The A/E
Selection Committee will select 3-5 (typically 4) firms to be invited to participate in the
interview process.

• Results of the selection process are available on CDB’s website (www.cdb.state.il.us) the day
after the Board Meeting as designated on the respective bulletin cover.

FEE NEGOTIATION:

• To ensure that the completion of the project is not delayed by extended or long negotiations
before the start of the contract work, the CDB representative negotiating the contract will
state the length of time the firm will be limited to in preparing its estimate of effort and cost.
Should CDB be unable to successfully negotiate a contract with the recommended A/E, CDB will immediately proceed to negotiate with the second ranked firm.

- The determination of compensation for the performance of basic services is through negotiation of fees and services with CDB based on the following criteria:

  1. The project type classification.
  2. The scope of basic services required to complete the agreed upon project scope.
  3. The degree of difficulty of the scope of basic services’ tasks as applied to the particular project.
  4. The proposed project construction budget. (Used primarily as a benchmark reference.)

- Projects shall be classified as either new construction (N) or remodeling (R). Each classification is broken down into three levels of complexity as described below:

  Group I  Generally, the most complex projects in both design and detail and shall involve complex programs, mechanical systems, code requirements, etc.
  Group II Generally, projects with normal or average complexity may include a combination of more and less complex elements in the scope.
  Group III Generally, these projects shall be of simple or repetitive construction without any great degree of special finish or design effort. May include projects where equipment purchases comprise a large portion of the construction budget.
IMPORTANT ETHICS REQUIREMENTS FOR VENDORS TO THE STATE OF ILLINOIS

On September 25, 2008, the Illinois legislature passed Public Act 095-0971 (the “Act”), which contains new registration and reporting requirements for many State vendors and bidders, as well as additional limitations on campaign contributions by these entities and their affiliated entities. The full text of the Act, as well as a Fact Sheet about it, may be found on the Illinois Procurement Bulletin, www.purchase.state.il.us.

Public Act 095-0971

The Prime A/E will need to certify whether or not registration with the Board of Elections is applicable. This certification is provided in the revised 255 form. If registration is required, then the Prime A/E will need to provide the certificate with each 255 submittal.

Public Act 095-0971, effective January 1, 2009, requires that any bidder/vendor be registered with the Board of Elections if 1) the company’s annual total of bid/proposals on State contracts in a given calendar year exceed $50,000; 2) the company’s annual total of bid/proposals on State contracts, combined with the annual total of State contracts already awarded in a calendar year, exceed $50,000; or 3) the company’s annual total of State contracts already awarded in a calendar year exceed $50,000. The Act also contains limitations on campaign contributions by State Vendors and their affiliated entities.

The 255 form is considered a proposal and, therefore, is subjected to the above requirement. Although exact contract amounts are not determined until negotiations are completed, projects typically listed in the bulletin could have total professional services contract values in excess of $50,000. Therefore, by submitting the 255 form(s) your firm may need to place an emphasis on registering with the Board of Elections.

Note: Beginning May 1, 2010, firms will no longer be given five (5) business days to provide the Board of Elections Certificate of registration. It must be included with the CDB 255 form submittals.

The CDB 255 form has been updated to include this new requirement. Each submittal is required to use the revised 255 form and must comply or it will result in rejection of the submittal.
Public Act 096-0795  
(Commonly known as Senate Bill 51)

This Act becomes effective July 1, 2010. Rules and procedures are being developed at this time that will be incorporated into awards and contracts executed for projects listed in this bulletin.

Highlights of the Act include, but are not limited to, consultant financial disclosures and subcontracts to be submitted to CDB; annual re-certifications of all primes and consultants; contracts, subcontracts and other project documentation to be available to the Chief Procurement Officer, State Purchasing Officer, and Procurement Compliance Monitors for review; and procurement communications reporting and lobbyist communication reporting.

Projects included in this Bulletin will be subject to the Act Requirements will include, but not limited to, the submittal of consultant subcontracts over $25,000 in value, financial disclosures and certifications of all primes and those consultants over $25,000 in contract value (renewal on an annual basis).

In additional, all non-prequalified consultants will need to be registered with CDB prior to the execution of their subcontract with the Prime A/E. Contact Jim Dautel at jim.dautel@illinois.gov or 217/782-1383 regarding the registration process.
The Westbound Spoon River Rest Area located on I-74, is a 4,364 square foot, masonry building with a built-up roofing system constructed in 1982. The Eastbound Spoon River Rest Area located on I-74, is a 4,364 square foot, masonry building with a built-up roofing system constructed in 1982.

The scope of work provides for the remediation of water infiltration into the basement of the eastbound Spoon River rest area, including upgrading the electrical panel and the abatement of any mold. The scope of work also provides for upgrading the restroom sinks and plumbing fixtures in the westbound and eastbound rest areas.

The selected firm will be notified of the time and place for the orientation meeting by the contract executive or the project manager. The meeting shall be attended by the firm’s project manager, consultants and a person authorized to make scheduling and financial commitments for the firm.

ALL SUBMITTING FIRMS SHOULD INCLUDE ON THEIR TEAMS STAFF AND/OR CONSULTANTS WITH THE NECESSARY EXPERTISE TO PERFORM THE SCOPE OF SERVICES.
The Westbound Pride of the Prairie Rest Area located on I-72, is a 1,983 square foot, brick building constructed in 1986. The Eastbound Pride of the Prairie Rest Area located on I-72, is a 1,983 square foot, brick building constructed in 1986.

The scope of work provides for upgrading the sewage systems, including demolishing the existing mounds, installing piping and pumps and upgrading the septic tanks.

The selected firm will be notified of the time and place for the orientation meeting by the contract executive or the project manager. The meeting shall be attended by the firm’s project manager, consultants and a person authorized to make scheduling and financial commitments for the firm.

All submitting firms should include on their teams staff and/or consultants with the necessary expertise to perform the scope of services.
The Northbound Goshen Road Rest Area located on I-57, is a 2,600 square foot, brick and block building constructed in 1991. The Southbound Goshen Road Rest Area located on I-57, is a 2,600 square foot, brick and block building constructed in 1991.

The scope of work provides for upgrading the sewage systems, including replacing the lift stations and installing a grinder system. The project may require the A/E to assist in submitting funding applications associated with the Public Sector Electric Efficiency Program (EEPS).

The selected firm will be notified of the time and place for the orientation meeting by the contract executive or the project manager. The meeting shall be attended by the firm’s project manager, consultants and a person authorized to make scheduling and financial commitments for the firm.

ALL SUBMITTING FIRMS SHOULD INCLUDE ON THEIR TEAMS STAFF AND/OR CONSULTANTS WITH THE NECESSARY EXPERTISE TO PERFORM THE SCOPE OF SERVICES.
The Westbound Silver Lake Rest Area located on I-70, is a 2,376 square foot, brick building constructed in 1986. The Eastbound Silver Lake Rest Area located on I-70, is a 2,376 square foot, brick building constructed in 1986.

The scope of work provides for relocating the pressurized sewage pipes, including installing piping and associated pumps. The project may require the A/E to assist in submitting funding applications associated with the Public Sector Electric Efficiency Program (EEPS).

The selected firm will be notified of the time and place for the orientation meeting by the contract executive or the project manager. The meeting shall be attended by the firm’s project manager, consultants and a person authorized to make scheduling and financial commitments for the firm.

ALL SUBMITTING FIRMS SHOULD INCLUDE ON THEIR TEAMS STAFF AND/OR CONSULTANTS WITH THE NECESSARY EXPERTISE TO PERFORM THE SCOPE OF SERVICES.
Chicago State University is a 1,191,992 square foot, 16-building campus constructed in 1970.

The Chicago State University would like to engage architectural and engineering services for the Robinson University Center. This project will occur in two phases.

Phase I will entail addressing the building envelope, which is a masonry building, as well as the electrical, mechanical and HVAC systems that may have an impact on the building's exterior. The work will include addressing the parapet walls, foundation walls, replacing the existing skylights and roofing system.

Additionally the building requires new windows, modifying the existing sprinkler system, demolition of the existing air handling units and replacing the existing failing fire pumping station, as well as the installation of security cameras. All of the exterior doors require replacement and must be ADA accessible. There may be some asbestos abatement required.

*The Chicago State University has a minority participation goal of 40 percent.*

Phase II will entail the A/E programming the building for future occupancy.

**PROFESSIONAL FIRMS WHO MAY SUBMIT:**

Engineering or Architectural firms with complementary support services.

**SUBMITTAL REQUIREMENTS**

CDB Standard Form 255 (revised 05/09)

Firms are to submit their 255 forms *(six copies)* directly to the Chicago State University at the following address:

```
Attention: Traci Stokes  
Chicago State University  
Physical Plant Building, Room 203  
9501 South King Drive  
Chicago, IL 60628
```

*(Advertisement continues on next page)*
SUBMITTALS MUST BE RECEIVED BY 11:30 a.m. ON THURSDAY, JANUARY 6, 2011.

Note: Any inquiries relative to the project must be made to the Chicago State University at 773/995-2353, fax number: 773/995-3291 and e-mail address: tnesbit@csu.edu.

The Chicago State University will conduct a walk-through of the building on Tuesday, December 28th at 9:30 a.m. to tour the building for those interested in seeing the structure. We will meet at the Operations and Maintenance Building, Room 107, which is the Police Roll Call room. The university will NOT conduct any additional tours after this date.

The selected firm will be notified of the time and place for the orientation meeting by the contract executive or the project manager. The meeting shall be attended by the firm’s project manager, consultants and a person authorized to make scheduling and financial commitments for the firm.

ALL SUBMITTING FIRMS SHOULD INCLUDE ON THEIR TEAMS STAFF AND/OR CONSULTANTS WITH THE NECESSARY EXPERTISE TO PERFORM THE SCOPE OF SERVICES.
