Request for Proposals for Guaranteed Energy Savings Contract

Notice is hereby given that the Board of Education of Bethalto Community Unit School District No. 8 (the "District") at 610 Texas Blvd., Bethalto, IL 62010, is requesting Qualified Providers to propose innovative solutions and energy conservation measures through a Guaranteed Energy Savings Contract for the repurposing of the Bethalto West Elementary School, located at 101 School Street, Bethalto, IL 62010, into the District's new Administration Building, including the District's Make Good Choices program, the District's Bethalto University program, and the District's Technology Center, and the closure of the existing District Administration Building, located at 610 Texas Boulevard, Bethalto, IL, 62010. The District's objective in issuing this Request for Proposal (RFP) is to provide a competitive means in which to select a qualified provider for a Guaranteed Energy Savings Contract. The contract shall follow the requirements of Article 19b of the Illinois *School Code*. Proposals shall be in sealed form and submitted no later than 12:01 P.M. on 11/5/2018, at the existing Administrative Building. The District's RFP is available online. For questions or a copy of the District's RFP, contact Dr. Barrett Deist, the Assistant Superintendent of Finance and Operations, CSBO, bdeist@bethalto.org, (618) 377-7200.

Providers shall submit five (5) sealed copies of the proposals. EXTENSIONS WILL NOT BE GRANTED. No faxed nor electronically submitted proposal shall be accepted. Proposals will be in accordance with said Article 19b of the *School Code* and the RFP guidelines. It is strongly encouraged that all Providers perform a walkthrough of the District's facilities. A Provider planning a walkthrough must contact the District at least five (5) days before the desired walkthrough date, in order to give the District sufficient time to prepare for the Provider's arrival.

To schedule a walkthrough, contact: Dr. Barrett Deist, the Assistant Superintendent of Finance and Operations, CSBO, bdeist@bethalto.org, (618) 377-7200. In addition, contact Dr. Deist with requests for copies of building plans, energy/utility bills and other historical cost data concerning the Bethalto West Elementary School and the Administration Building.

The Bethalto West Elementary School building currently houses the District's two classroom Make Good Choices Program and the District's Technology Center. The building, which is approximately 21,700 square feet in size, has not been in full use as an elementary school since the 2010-2011 school year. The Administration Building, which is approximately 8,230 square feet in size, has housed the District's executive administration operations since the 2008-2009 school year and the Bethalto University program since the 2016-2017 school year. It is the goal of the District to reduce operational costs by moving its executive administration operations and the Bethalto University program to the Bethalto West Elementary School building and through the closure of the Administration Building, consolidating the present independent functions of both buildings into one building.

Proposals may include, but are not limited to, implementation of energy equipment; repair, renovation, modernization and maintenance services at the Bethalto West Elementary School; any necessary decommissioning of the existing Administration Building; and other energy

conservation measures on a performance contracting basis as defined by the State of Illinois, in Article 5/19b, School Energy Conservation and Savings Measures of the School Code (105 ILCS/5).

The District reserves the right to reject any or all proposals, to waive irregularities in the proposal procedure, or accept the proposal that, in its opinion, will serve the best interest of the School District. The District further reserves the right to award all or a portion of the work to one or more Providers. Any such decision shall be considered final. The District reserves the right to reject a proposal from a provider who, in the District's opinion, does not exhibit past experience equal to the size and scope of this project. Failure to meet any of the required criteria may result in automatic rejection of the proposal.

The District will not provide compensation to the Respondent(s) for any expense incurred by the Respondent(s) for Submission preparation, product evaluations, or demonstrations that may be made.

In accordance with the Illinois *School Code* Article 19b-5, the District discloses that GRP Mechanical Inc. participated in the preparation of this RFP.

Work, materials, or equipment not conforming to these requirements shall be considered defective. The warranty will not be affected by the specification of any product or procedure, unless the Provider objects promptly to such product or procedure and advises the District of possible substitute products or procedures which will not affect the warranty. This warranty shall not be restricted by the limitations of any manufacturer’s warranty. Inability or refusal of the subcontractor or supplier responsible for the defective work to correct such work shall not excuse the Provider from performing under the warranty.

F. CONSEQUENTIAL DAMAGES

The District shall not waive any claims for consequential damages arising out of or relating to this Contract; however, Provider shall waive any and all claims for consequential damages arising out of or relating to this Contract.

G. INDEMNIFICATION

Such obligations shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity or contribution which would otherwise exist as to any party or person described in the Contract Documents.

In any and all claims by an employee of Provider, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligations in the Contract Documents shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Provider or any subcontractor under workers' or workmens' compensation acts, disability benefit acts or other employee benefit acts. Provider and every subcontractor agree to assume the entire liability for all personal injury claims suffered by their own employees allegedly injured on the Project and waive any limitation of liability defense based on workers' compensation acts, or interpretations thereof, against claims by the District for indemnification or contribution, and further agree to indemnify and defend the District and its individual board members, agents and employees and consultants (Indemnitees) from and against all such claims, damages, losses and expenses, including reasonable attorneys' fees, that the Indemnitee's may sustain as a result of such claims, except to the extent that Illinois law prohibits indemnity for the Indemnitee's own negligence, and further agree to pay any contribution appropriate for Provider's and subcontractors' own negligence. Provider shall ensure that this provision is inserted in every contract between Provider and subcontractors. If such provision is not contained within a subcontractor contract, or if a subcontractor's insurance does not cover or is insufficient to pay such claims, Provider shall assume all subcontractor liability for such indemnification of or contribution to the District.

IV. Proposal Evaluation Criteria

A School District evaluation team will evaluate all proposals and recommend an award subject to approval by the School Board offering the best value proposal. The following provisions are included in this Contract pursuant to the requirements of the regulations of the Illinois Department of Human Rights, Title 44, Part 750, of the Illinois Administrative Code, and Contractor shall be required to comply with these provisions. As required by Illinois law, in the event of the Contractor's non-compliance with the provisions of this Equal Employment Opportunity Clause, the *Illinois Human Rights Act* or the Rules and Regulations of the Illinois Department of Human Rights ("Department"), the Contractor may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulations. B. That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the Department's Rules) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

G. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the Contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.
