ILLINOIS DEPARTMENT OF CENTRAL MANAGEMENT FLEXIBLE WORK
REQUIREMENT PLAN

Section 1

It is the policy of the State of Illinois and the Department of Central Management Services to
approve flexible hours for State employees, when possible, without disrupting the efficiency and
effectiveness of the work force, to reduce the need for day care outside the home for a
child/children of an employee and/or to accommodate the other unusual needs of an employee.

Section 2

Tricia Pineda, Acting Division Manager of CMS Internal Personnel, is responsible for
implementing the Department’s plan for flexible schedules.

Section 3

Programs for part-time positions such as a flexible hour position must be specified, including
the hours worked. Such a request shall be denied only when the requested hours are
inconsistent with the operational needs of the bureau and division where the employee works.
The Department will approve flex hours only for days of equal length with a minimum of 30
minutes and a maximum 60 minutes for a lunch period. No schedule providing for a paid meal
period will be approved. The requested hours must not require an additional expense on the
part of the Department for the opening or delayed closing of an office. Requests for
compressed workweeks (including a four-day workweek) will be considered in light of the
operating needs of the Department. There are currently 826 different work schedules that can
be offered to the approximately 1,350 employees of CMS, of which 514 are on a flexible work
schedule, 6 are on a 4-day work schedule, 77 are on a core hours work schedule, while another
116 employees work an alternative work schedule. There is currently 1 part-time employee at
the agency.

Section 4

At this time, the Department does not expect to expand on current programs.
