All hiring staff have been made aware of the importance of diversifying IDOT’s Rutan interview panels. Continuing the partnership with the Illinois Tollway, for the first Diversity Symposium. The purpose is to reach out to diverse community organizations that are advocates for underutilized persons seeking employment. These organizations participated in a discussion with IDOT and the Tollway to determine the best way to connect with the clients they serve and to understand actual or perceived barriers to employment. This group will collaborate with IDOT and the Tollway on ways to address those barriers. IDOT’s multi-year Strategic Plan indicates a high priority will be given to the recruitment of qualified, diverse employees. The Diversity Recruitment and Outreach Office was created to implement various methods in recruiting individuals from under-represented groups using various mechanisms. Although several job classifications will be recruited, special emphasis will be placed on increasing the diversity in the Civil Engineer Trainee, Engineer Technician, and Highway Maintainer applicant pools. Several members of the Diversity Recruitment and Outreach staff are RUTAN interview trained and some participating on interview panels.

RECOMMENDATIONS/COMMENTS

This agency is at parity for people with disabilities. During FY13, the agency’s performance for minority goal compliance was 25%, which exceeds the Department of Human Right’s standard of 21%. The agency’s performance for female goal compliance was 24%, which is significantly lower than DHR’s standard of 37%, however, an exception will be granted in regards to compliance, because many of the agency’s opportunities to hire involved job categories where labor force availability of females is low.

FINDINGS

RECOMMENDATIONS/COMMENTS

*The agency did not meet the minimum compliance criteria for females due to the fact that there are few females in the applicant pool. Furthermore, when reviewing the female and male hiring data both are hired at a comparable rate. For minorities, that agency had few opportunities throughout the state to adequately address the minority goals. The agency continues to make a good faith effort by recruiting females and minorities by participating in job fairs and contact with professional organizations.

RECOMMENDATIONS/COMMENTS

The agency is commended for doing considerable outreach and recruitment in regards to minority candidates. The Department of Human Rights’ standard for minority affirmative action performance was reached. Further, the agency used the Successful Disability Opportunities program list and addressed its disability goals. This agency failed to meet the DHR standard of 37% for female goals, in that it addressed such goals only 12% of the time. The agency should target recruitment efforts to organizations that can refer qualified female candidates. ISP will be referred to the Department of Central Management Services for assistance in providing training to meet the affirmative action goals.
