STATE OF ILLINOIS 2013

ASIAN AMERICAN Employment Plan

Respectfully submitted to the Illinois General Assembly
February 1, 2013, by Central Management Services

STATE OF ILLINOIS
OFFICE OF THE GOVERNOR
SPRINGFIELD, ILLINOIS 62706

Pat Quinn
GOVERNOR

February 1, 2013

Dear General Assembly Member,

In the following pages you will find the 2013 State Asian American Employment Plan which serves to increase access to state employment by Asian Americans. This document will greatly help us as we seek to build a governmental workforce that more accurately reflects the diversity of our great state.

The 2013 Asian American Employment Plan was submitted by the Illinois Department of Central Management Services (CMS) to the General Assembly on February 1 as required by law. This plan will serve as a benchmark by which future plans will be measured and provides an in-depth study of Asian Americans in the state workforce. I have directed the Illinois Department of Central Management Services to collaborate with the Asian American Employment Plan Advisory Council in order to meet all goals and objectives set forth in this year's plan.

While my administration continues to confront our state's fiscal challenges, greater diversity within our governmental workforce is critical to overcoming the challenges facing our state. By promoting a working environment that is inclusive of everyone and leaves no one left out, we can achieve full representation of Asian Americans at all levels of state government.

Sincerely,

A handwritten signature in cursive script that reads "Pat Quinn".

Pat Quinn

DEPARTMENT OF CENTRAL MANAGEMENT SERVICES

Malcolm Weems, Director

February 1, 2013

Dear General Assembly Member:

Public Act 097-0856 passed in July 2012 requires each state agency to include in its annual report its progress toward implementing the State Asian American Employment Plan. The legislation is part of the Governor's ongoing commitment to diversity in our workforce, including the hiring, training, retention, and promotion of Asian American employees.

The law requires CMS to prepare and submit to the General Assembly an annual Asian American Employment Plan reporting each agency's activities that constitute the plan. Accordingly, the 2013 report is submitted for your review. Outlined in the body of this report you will find information on the status of the Asian American workforce of individual agencies, as well as their accomplishments in meeting the objectives of this important legislation. We invite your review of this report, as well as your comments or recommendations.

Of course, there are many benefits of having a diverse workforce, but perhaps the most significant is to enable State agencies to provide better services more efficiently to the public. By continuing to work together on this vital initiative, we intend to achieve this goal and better serve the residents of Illinois.

Sincerely,

A handwritten signature in black ink, appearing to read "Malcolm Weems", is written over a faint, larger version of the same signature.

Malcolm Weems
Director

I. State Asian American Employment Plan Background

The State Asian American Employment Plan, effective July 27th, 2012, was the result of House Bill 4510, signed into law by Governor Pat Quinn, becoming Public Act 097-0856. Main components of the Act include: increasing the number of Asian American state employees within all levels, including those serving in supervisory, technical, professional and managerial positions; tracking hiring practices of Asian American employees; increasing the number of Asian American employees hired and promoted; and establishing the Asian American Employment Plan Advisory Council.

The legislation also requires that the Department of Central Management Services (CMS) shall by February 1st of each year prepare an Asian American Employment Plan and report to the General Assembly each state agency's activities that implement the Plan. In turn, each state agency is required to report annually to CMS all activities in implementing the Asian American Employment Plan and shall do this in a format as prescribed by CMS in collaboration with the Asian American Employment Plan Advisory Council.

Since 2006, CMS has enacted the State Hispanic Employment Plan which has been successful in increasing the number of Hispanic and bilingual employees in the state workforce. Building on that success in 2011, CMS implemented the State African American Employment to increase the number of African-Americans gainfully employed within state government. Subsequently, this Plan will serve as a model in developing the 2014 Asian American Employment Plan. Thereafter, CMS will work collaboratively with the Asian American Employment Plan Advisory Council to develop subsequent Plans and update the Plan with current demographics and employment statistics relating to the Asian American general population as compared to the Illinois Asian American workforce.

CMS in partnership with the Asian American Employment Plan Advisory Council will develop an on-line survey to assist state agencies in reporting "activities" and "strategies" and programs undertaken in accord with the State Asian American Employment Plan. The online survey will be developed and distributed to state agencies during the fall of 2013. The inaugural on-line surveys will be reviewed to develop a holistic profile of the Asian American state workforce and to assist in developing objectives for the next annual Plan.

II. Current Demographics

Based on state employment workforce statistics as of December 31, 2012, approximately 2.5% of the state's 44,589 employees in coded state positions are Asian American (1,100). Furthermore, Asian Americans comprise 4.8% of Illinois' general population. The five Illinois counties with the highest population of Asian Americans are listed below followed by the corresponding number of Asian Americans in the state workforce.

COUNTY	% ASIAN AMERICAN POPULATION	% ASIAN AMERICAN STATE WORKFORCE
Cook	(322,672) 6.4%	(412) 37.4%
Dupage	(92,304) 10.3%	(135) 12.27%
Lake	(44,358) 6.5%	(56) 5.09%
Will	(30,833) 4.7%	(37) 3.36%
Champaign	(17,969) 9.2%	(2) 0.18%

There are 1,100 Asian American employees statewide in coded positions. The five state agencies with the largest number of Asian American employees in coded state positions are indicated below followed by the number of Asian American employees and their percentage of the total Agency workforce.

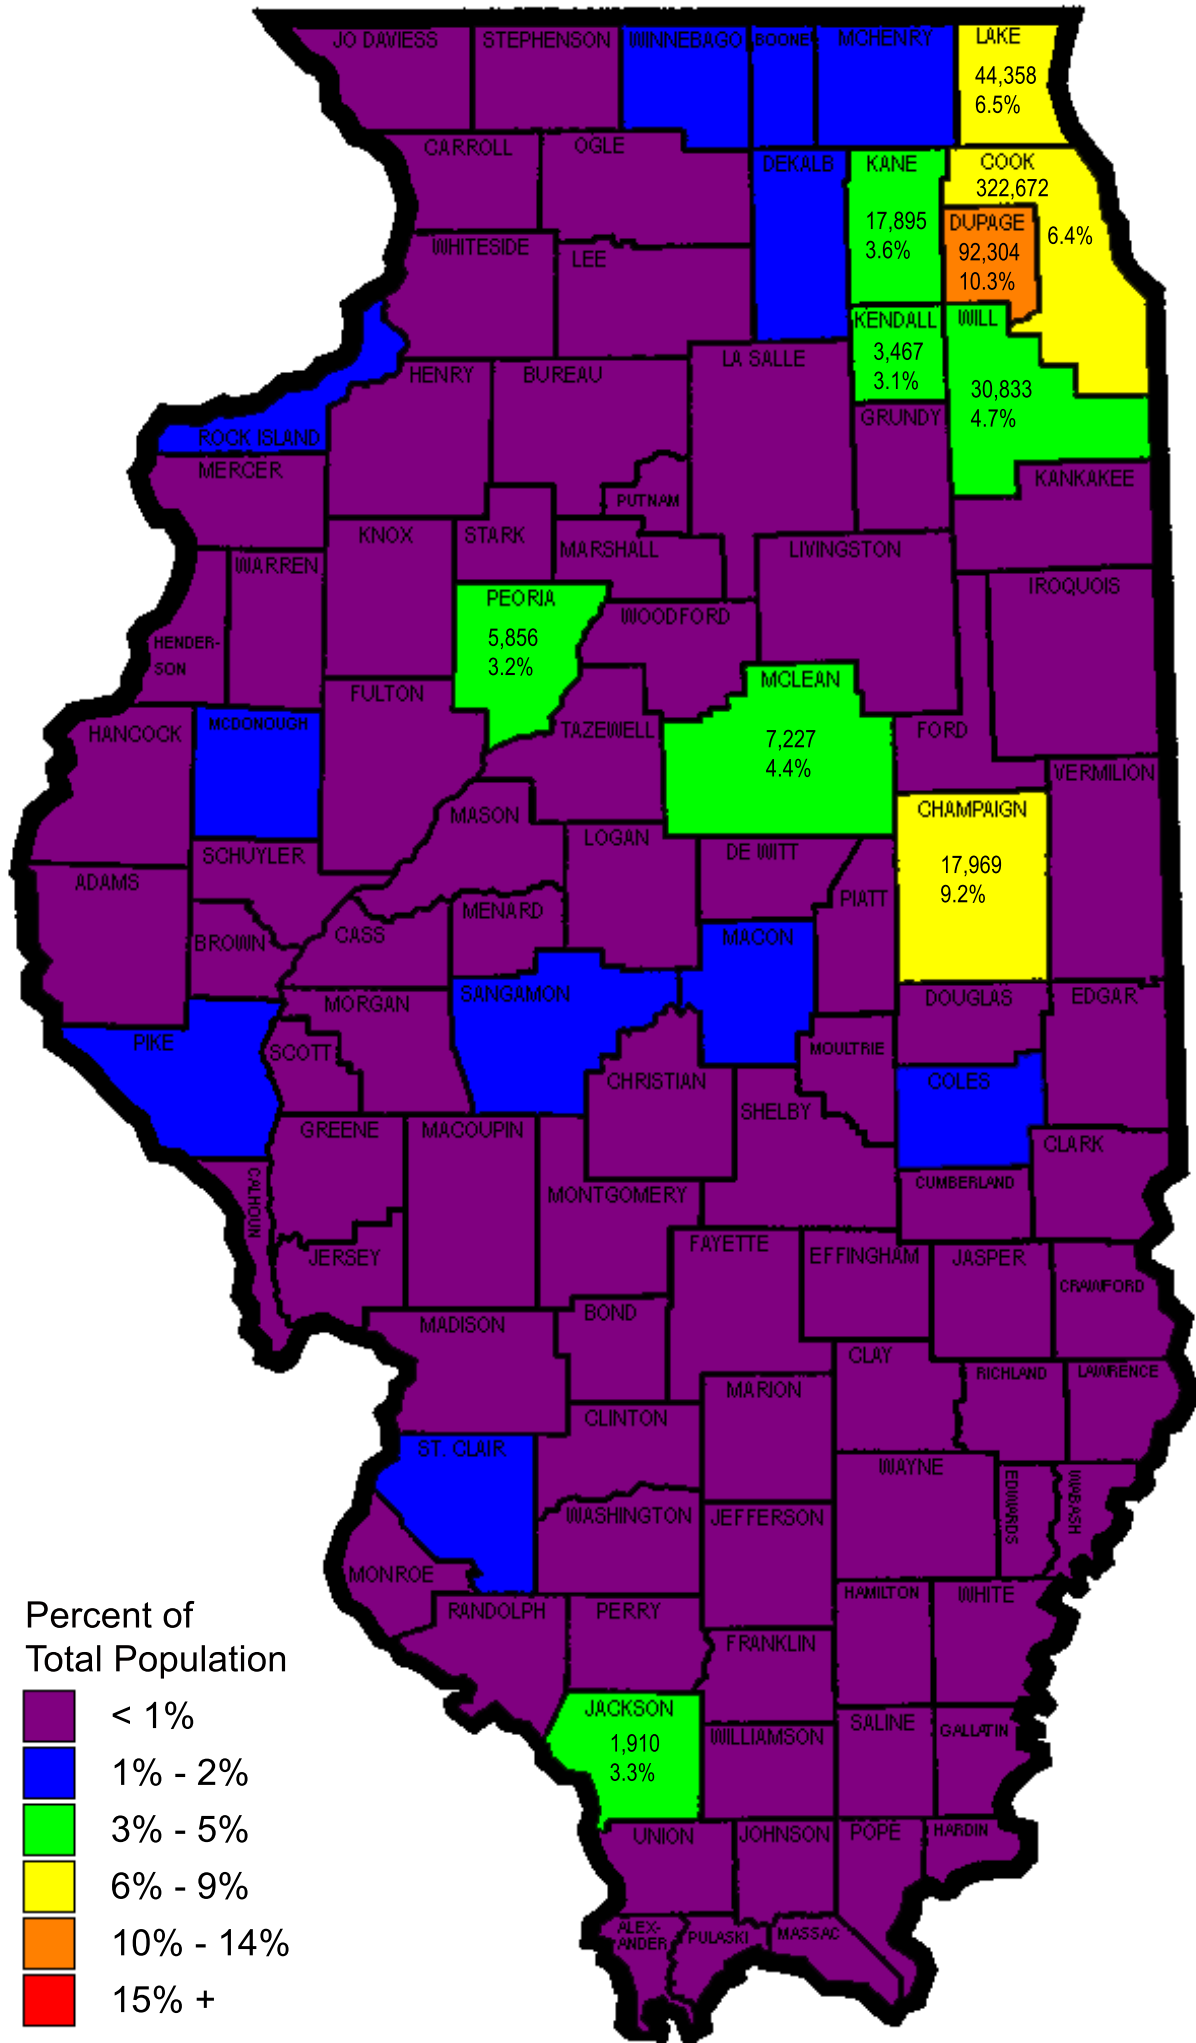

AGENCY	COUNT OF ASIAN AMERICAN EMPLOYEES
Department of Human Services	521 (47.3%)
Department of Public Health	76 (6.9%)
Department of Revenue	71 (6.44%)
Department of Employment Security	65 (5.9%)
Department of Healthcare & Family Services	61 (5.54%)

In calendar year 2012, 137, 200 open competitive exams were administered. Of those, 874 were administered to Asian Americans. The graph below illustrates how Asian Americans fared when compared to all applicants.

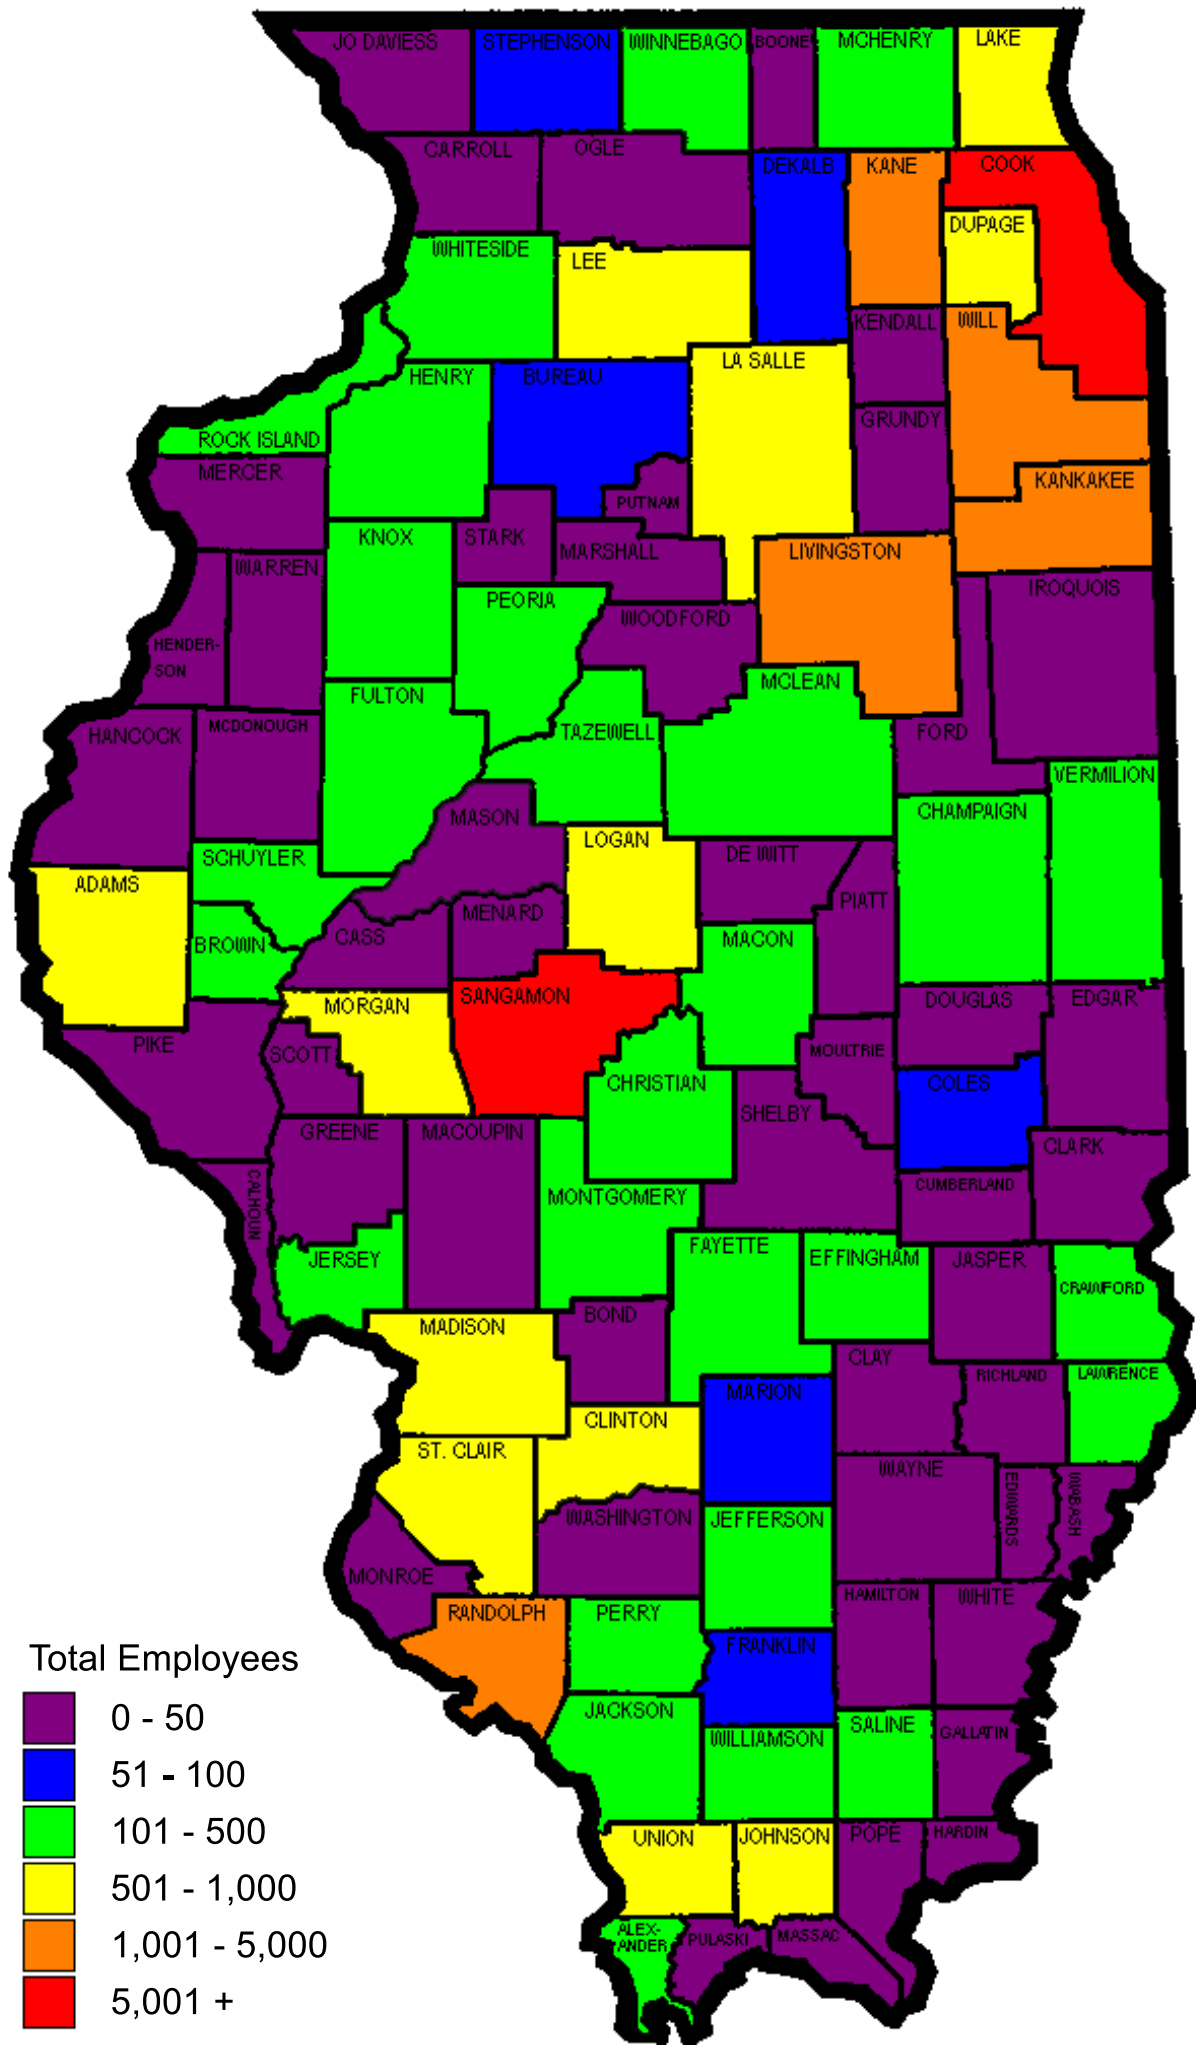

CY 2012	ASIAN AMERICANS	NON-ASIAN AMERICANS	TOTAL
Open Competitive Total Grades	874	136,326	137,200
A Grade	243	40,062	40,305

III. 2013 State Asian American Employment On-line Survey

Pursuant to House Bill 4510/Public Act 097-0856, the Department of Central Management Services...

“...shall prepare and revise annually an Asian American Employment Plan... and shall report to the General Assembly by February 1st of each year beginning with February 1st of 2013, each state agency’s activities that implement the Asian American Employment Plan. Each State agency shall report annually to the Department and the Department of Human Rights, in a format prescribed by the Department, all of the agency’s activities in implementing the Asian American Employment Plan. Each agency’s annual report shall include reports or information related to the agency’s Asian American employment strategies and programs that the agency has received from the Illinois Department of Human Rights, the Department of Central Management Services, or the Auditor General, pursuant to their periodic review responsibilities; findings made by the Governor in his or her report to the General Assembly; assessments of service needs based upon the agency’s service populations; information on the agency’s studies and monitoring success concerning the number of Asian Americans employed by the agency at the supervisory, technical, professional, and managerial levels and any increases in those categories from the prior year; and information concerning the agency’s Asian American employment budget allocations.”

To standardize how information is gathered, the Department of Central Management Services in collaboration with the Asian American Employment Plan Advisory Council will develop an on-line survey to assist State agencies in reporting specific activities and data relevant to the Asian American employee workforce. This on-line survey is scheduled to launch during the fall of 2013, all code agencies are required to respond. The intent of this inaugural survey is to gather information as required by the legislation to develop benchmarks from which the State Asian American Employment Plan could be developed and evaluated in subsequent years.

IV. 2013 Asian American Employment Action Plan and Objectives

4.2 Work collaboratively with the Asian American Employment Advisory Council to develop Plan objectives for next reporting year.	CMS, Asian American Advisory Council	4 th Quarter

VI. Conclusion

According to the 2010 U.S. Census data, Asian Americans comprise slightly over five percent of Illinois' population, but to date, only about two percent of the state's overall workforce. A vital role of the Asian American Employment Plan Advisory Council will be to look closer at underutilization goals across all code agencies, counties and titles and develop an annual comprehensive plan to assist state agencies to meet their individual objectives. The data reported within this report indicates that 47.7% of the state's Asian American workforce is concentrated within one state agency, the Department of Human Services.

The Asian American Employment Plan will enable the State of Illinois to improve the representation of Asian Americans at all levels of the state workforce by:

- Establishing benchmarks to measure the State's efforts;
- Incorporating individual agency's best practices into statewide practices.
- Implementing a standard process for all agencies to use when developing strategies for recruitment, hiring, retention and promotion.
- Establishing the Asian American Employment Plan Advisory Council, appointed by the Governor, to set goals and objectives as may be required to increase the opportunities for hiring, retaining and promotion of Asian Americans in the state workforce.
- Designating a Plan Coordinator within the Department of Central Management Services to work jointly with the Asian American Employment Plan Advisory Council to ensure that the goals of the Plan are met.

Over the course of the coming year, the goals and objectives outlined in this report will be adjusted and broadened to improve career opportunities for Asian Americans in the state workforce and for improved service to all citizens of Illinois.
