STATE OF ILLINOIS
2017

Asian American Employment Plan

Respectfully submitted to the Illinois General Assembly by Central Management Services

APPENDICES
Appendix 1

Letter from Acting Director Hoffman
February 1, 2017

Dear Agency Director:

Enclosed please find an electronic copy of the 2017 State Asian American Employment Plan, which the Department of Central Management Services is required to prepare and submit to the General Assembly, reporting each agency’s activities in implementing the plan.

Outlined in the body of this report you will find information on the status of the Asian American workforce of individual agencies, as well as their accomplishments in meeting the objectives of this important legislation.

There are many benefits of having a diverse workforce, but perhaps the most significant is so State agencies can provide better services more efficiently to the public. Therefore, I strongly encourage your agency to continue to build upon your Affirmative Action and Equal Employment Opportunity goals by placing emphasis on recruitment, hiring, training, retention and promotion of Asian American employees. As this report shows, much progress has been made during Governor Rauner’s Administration, and we look forward to witnessing continued efforts to increase the diversity of our State workforce.

Please share this plan with your senior management staff, including your HR Director, AA/EEO Officer and Recruitment Manager. This plan may also be accessed electronically at the CMS Diversity Enrichment Program web page at http://www.work.illinois.gov/diversityenglish.htm.

By working together on this initiative, we can achieve the objectives outlined in the Asian American Employment Plan and better serve the people of our great state. If you have any questions or need additional information, please don’t hesitate to contact Carlos R. Charneco at 312/814-0922 or Carlos.Charneco@illinois.gov.

Sincerely,

Michael. M. Hoffman
Acting Director

Minority recruitment and hiring is a priority at CDB. All administrative staff responsible for the hiring process understand the importance of adhering to the Hispanic Employment Plan. Under the prior Personnel Admin, the agency was in the process of creating a Model Recruitment plan to formalize the steps the agency takes when filing a position to confirm adherence to all legislative mandates. What activities does the EEO Officer conduct/participate in during the open competitive hiring process to ensure that areas of underutilization for minority categories are being addressed?

It is difficult to address underutilization during the open competitive hiring process. All veterans, regardless of race, must be given equal opportunity to interview for open positions. If the veterans list is exhausted, the agency generally requests a random sample of candidates from the list in order to remain in compliance with personnel rules/regulations. All those who respond must be given equal consideration during the interview process. CDB would welcome changes that would allow more flexibility in the hiring process in order to address areas of minority underutilization.

If random selection of candidates was part of the open competitive interview invitation process describe your agency’s method of random selection.

Once the blind list is received, the number of candidates on the list is evaluated. From there, every 10th name is circled and requested from CMS. More names are selected in the same manner if needed.

What activities does the EEO Officer conduct/participate in during the open competitive hiring process to ensure that areas of underutilization for minority categories are being addressed?

While HFS’ EEO/AA Office monitors the hiring process to ensure mandated compliance, overwhelmingly, positions are filled within constraints beyond the control of our monitoring. The success of our internal monitoring with respect to employment of Asian Americans is directly proportionate to the limited opportunities to make decisions independent of factors such as bargaining unit considerations or veteran’s preference. Specifically, the titles most frequently called for and filled within HFS are subject to bargaining unit provisions, thereby limiting our
selection options. We are most assuredly open to methods/external recommendations to increase targeted hiring/recruitment.

If random selection of candidates was part of the open competitive interview invitation process describe your agency's method of random selection.

A random selection is when we select from the blind list. We circle numbers from the blind list that we would like to interview. We do this by randomly circling every other one, all of them, first one on the page, first one and last one on a page etc. It just depends how many we are hiring from a list and how many candidates are on the list. However, there needs to be a method to our random selection.

List all agency activities undertaken in implementing the State Asian American Employment Plan to increase the number of Asian American employees including recruitment/employment plans to fill positions internally and externally.

There are a number of position titles involved in recruitment efforts participating in community relations and outreach for the purpose of ensuring a diverse Agency workforce. Agency staff work to identify potential candidates for employment with DHR. Specifically, recruiting for specific positions when needed; working with the Department's Human Resource staff to identify specific opportunities; establishing relationships with a broad coalition of recruitment resources such as colleges, universities, outside employers; and, ensuring that individuals are aware of vacancies. In an effort to recruit individuals to address the Department's EEO categories, the Department may participate in activities such as workshops, seminars, conferences, job fairs, partnerships with community organizations; partnerships with non-profit organizations, etc. The position of Human Rights Investigator is the most filled position. This is an AFSCME bargaining unit.

What activities does the EEO Officer conduct/participate in during the open competitive hiring process to ensure that areas of underutilization for minority categories are being addressed?

All staff responsible for interviewing, recruiting, etc., have been advised that no appointment will be made without strict adherence to the hiring and promotion monitor procedure. All staff responsible for interviewing, recruiting, etc., must work closely with the Department EEO/AA Officer and Human Resource office to ensure that they have the appropriate information on the Department's underutilization in the EEO categories. The Director or Director's Designee is responsible for reviewing each hiring promotion monitor.

If random selection of candidates was part of the open competitive interview invitation process describe your agency's method of random selection.

Selection is made based on the CMS Bureau of Personnel guidelines for requesting the Open Competitive list and candidates from the Open Competitive list. The method for random selection of candidates on the Open Competitive list depends on the number of candidates on the Open Competitive list; however, if there are a large number of names on the list, selection is based on a numerical calculation. For example, if there are 100 candidates on the Open competitive list, the interviewer may request every fifth candidate’s name and information from CMS Personnel.

IDHS has a centralized Recruitment and Selection Unit, the Bureau of Recruitment and Selection (BRS), which is responsible for all hiring. IDHS' Bureau of Civil Affairs reviews all Hiring and Promotion monitors prior to any commitment being made to fill the position. BRS participates in job fairs and recruitment efforts across the State that target Asian recruitment. IDHS' Bureau of Training and Support Services continues to train Department staff on topics as Civility in the Workplace, Conflict Resolution, Coaching and Mentoring, Dealing with Difficult People, Emotional Intelligence, Generation Gaps, Workplace Bullying, etc. Additionally, IDHS through its Recruitment, Hiring and Discipline Committee conducts quarterly meetings to discuss strategies for improving the agency's performance in achieving underutilization goals. One major task BRS does to increase underutilized affirmative action groups attendance at an interview is to check to see if a position is listed on the underutilization summary and if so, all candidates on the Open Competitive list in that group get invited.

The Agency uses Shared Services for a majority of its hiring needs, including recruitment and interviewing. However, the Agency recognizes the advantages of a diverse workforce and aims to employ workers from different backgrounds. These goals are discussed in both senior staff and HR meetings. Underutilization is also communicated to Shared Services. RECOMMENDATIONS/COMMENTS

*The agency did not meet the minimum compliance criteria for females due to the fact that there are few females in the applicant pool. Furthermore, when reviewing the female and male hiring data both are hired at a comparable rate. The agency has established recruitment program for all groups and has accomplished their performance measures that were outlined in their affirmative action plan. During FY16, the Local Workforce Investment Act (LWIA) program help the agency identify candidates for the Correctional Officer trainee position. The program has had good results and the agency has hired minorities that will address underutilization. This program has helped, with the increase in the participation of minorities and women, and is permanent and applied throughout the state. The agency continues to make a good faith effort by recruiting females and minorities by participating in job fairs and contacts with professional organizations. For these reasons, the agency was granted an exception.

RECOMMENDATIONS/COMMENTS

This agency was at parity for people with disabilities at the beginning of the year and continued to hire during the year through the Successful Disability Opportunities program, which is to be commended. There were 35 opportunities to address female goals, and 27 or 77% addressed these goals, which exceeds the Department of Human Rights’ (DHR) standard of 38% for female goal performance. The agency failed to meet the Department of Human Rights’ standard for minority goals of 26%, and a referral will be made to the Department of Central Management Services for training. Because this is the third year in a row in which the agency failed to meet DHR’s standard, the Department of Human Services (DHS) will be required to prepare and submit a corrective action plan. In addition, DHR’s Director will meet with the DHS Secretary to discuss the agency’s current EEO/AA program and suggestions for improving the agency’s performance in this regard.

During FY16, the agency EEO/AA Officer developed a Local Workforce Investment Act (LWIA) pilot program (outreach workshops) that would help the agency identify candidates for the Juvenile Justice Specialist intern position. The agency has also worked with the African American, Asian, and Hispanic Employment Plan Councils, Chinese American Service League in Chicago, sponsored the Asian American Heritage month in Chicago, and outreach with faith based organizations to recruit minorities, etc. The agency continues to make a good faith effort by recruiting females and minorities by participating in job fairs and contacts with professional organizations. Next year, the agency should make use of the Successful Disability Opportunities program when it has code vacancies. The female performance level was 34%, which is slightly lower than the DHR standard of 38%. Because the agency failed to make significant progress towards its disability and female goals, the DHR Director will meet with the Department of Transportation’s Secretary to discuss its EEO/AA program and suggestions to improve performance in this area.
