

MEMORANDUM

TO: Linda Lingle, Chief Operating Officer, Governor's Office

FROM: Tom Tyrrell, Director

DATE: June 30, 2015

SUBJECT: Executive Order 2015-12 – To Ensure Equal Opportunity Is Provided To All Illinois Persons And Businesses

Executive Order 15-12 requires the Department of Central Management Services (CMS) to perform a thorough review of all goals, preferences and considerations provided under State law and regulations concerning the hiring and training of Veterans and the award of contracts to Veteran-Owned Businesses, and to provide a report summarizing its findings to the Governor's Office by June 30, 2015. This Executive Order is part of Governor Bruce Rauner's commitment to ensuring equal opportunity is provided to all Illinois persons and businesses, including in particular those of diverse background and veterans.

HIRING AND TRAINING OF VETERANS

CMS reviewed the Personnel Code (Code) and Rules as well as the outcomes of State policies for fiscal years 2005-2015. Excerpts from these documents which govern veterans' preference are attached for your reference.

The Code and Rules provide for an absolute preference for the filling of all vacancies within agencies, boards and commissions under the jurisdiction of the Code when selections are made through an open competitive eligible list. For Code covered agencies, all veteran candidates must be considered prior to considering non-veteran candidates. Hiring agencies cannot by-pass veteran candidates for any reason. Non-veteran candidates can only be considered after all veterans have been "exhausted" (hired, waived or declined employment opportunity, or failed to reply to request to participate in the selection process). Please note this report does not include hiring data for non-Code portions of agencies, for example, the non-Code division of Illinois Department of Transportation, the sworn side of the Illinois State Police or the Illinois Toll Highway Authority. CMS does not offer employment training to veterans; however, the agency provides employment counseling.

CMS operates the Veterans Employment Outreach Program for the State of Illinois. Since its inception, CMS has participated in hundreds of job fairs, veteran state employment briefings, state fair activities, and conventions. CMS has also organized and participated in hundreds of counseling and testing sessions throughout the state. We have partnered with various Illinois veteran organizations including AMVETS, VFW, American Legion, Scott AFB Transition Assistance Program and of the Illinois Department of Military Affairs (IDMA), Illinois Department of Veterans' Affairs (IDVA), Illinois Department of Employment Security, Illinois Department of Corrections, Illinois Department of Human Services, Illinois Department of Juvenile Justice, and Illinois Department of Healthcare and Family Services.

In January of 2000, CMS was charged with verifying veteran status pursuant to the Code and Personnel Rules. In total, CMS has verified military service for 40,465 veterans since taking over the verification process for potential state employees.

Illinois offers five counseling and examining centers that are located in Springfield, Chicago, Marion, Champaign, and Rockford for veterans looking to begin a career in Illinois government. The program

includes a free hotline for all veterans to gain information about state of Illinois employment. The work.illinois.gov website also contains information on the Veterans Employment Outreach Program and Illinois veteran employment assistance through brochures, tips for employment, and resources available through IDVA. The website also shares links to various veteran websites useful in researching medical care, educational programs, veteran benefits, military documentation, and other general resources.

The following hiring statistics apply to those positions under the jurisdiction of the Governor and the Illinois Personnel Code.

VETERANS BUSINESS PROGRAM REPORT

Pursuant to Public Act 097-260 (30ILCS 500/45-57), it is the goal of the State of Illinois to promote and encourage the continued economic development of small businesses owned and controlled by qualified veterans, including qualified service-disabled veteran-owned small businesses (SDVOSB) and veteran-owned small businesses (VOSB). The goal is to ensure that veterans have an opportunity to participate in the State's procurement process as both prime contractors and subcontractors. Not less than 3% of the total dollar amount of State contracts, as defined by the Director of CMS, shall be established as a goal to be awarded to SDVOSB and VOSB.

Beginning in January of 2012, in compliance with Veteran Business Program (VBP) legislation, CMS has partnered with IDVA to develop and provide the administrative oversight prescribed for the program's activities. CMS developed certification procedures, goal setting mechanisms and training for agencies use in promoting and achieving the VBP objectives. CMS works in conjunction with IDVA on outreach and recruiting to ensure the program reaches all segments of the veterans' business community.

Since it began, VBP has attempted to promote its benefits throughout the state and has achieved increased participation. However, there are more opportunities for all agencies to ensure increased inclusion of veteran owned businesses in the state's procurement process.

VETERAN BUSINESS PROGRAM CERTIFICATION

CMS implemented a certification process in January of 2012 to ensure the integrity of all VBP participants. In FY12, CMS certified 21 VBP vendors; in FY 13, CMS certified 70 VBP vendors; and in FY 14, CMS certified 113 vendors representing 64 Veteran Owned Small Businesses (VOSB) and 49 Service Disabled Veteran Owned Businesses (SDVOB). CMS is on track to certify 128 VBP participants in FY 15.

Over the past three years, CMS has implemented administrative policies to increase the number of businesses registered to participate in the Veterans Business Program. Current certified Business Enterprise Program (BEP) and Small Business Program (SBP) participants that are VBP eligible were encouraged to register as VOSBs or SDVOSBs. This was done in an effort to capture businesses that are currently registered with the State of Illinois who may be eligible to participate in the VBP. Additionally, CMS now recognizes veteran owned businesses that are certified by the United States Department of Veteran's Affairs Center for Eligibility and Verification (CVE) and Cook County's Veterans Business Program. This dual recognition of certifications allows firms to gain entry into the State's vendor database of VBP eligibles, and participate in State contracts as Illinois certified VOSB or SDVOSB. This recognition effort ultimately reduces the amount of paperwork required to be fully certificated with VBP.

The large majority of FY14 VBP firms are located in Cook County and northern Illinois. The following data represents the geographic areas where current VBP participants are located:

ANNUAL VETERANS BUSINESS PROGRAM SPEND ACHIEVEMENTS

Total contract dollar achievement for VBP participation in FY14 was \$25,639,036, or 2.31% of the dollars subject to the VBP goals. The VBP program includes the same pool of dollars subject to goal achievement within the BEP program. The dollars subject to the BEP/VBP goal are calculated each year by reviewing the state’s budget on an agency by agency basis, factoring in allowable and requested contract exemptions that fall within the guidelines of statutory authority. While the FY14 VBP achievement is slightly under the statutory 3% goal, it is a significant increase from the \$700,000 of VBP participation during FY12, and CMS will continue to enhance its outreach efforts to ensure the continuing increase in participation.

VETERANS BUSINESS PROGRAM OUTREACH EFFORTS

IDVA spearheads a large portion of VBP outreach efforts. In addition, CMS regularly sponsors and participates in numerous vendor fairs, workshops, and business symposiums to promote the Business Enterprise Program and VBP. During FY14, CMS participated in 81 outreaching events throughout the state to promote the BEP and VBP programs.

During FY14, CMS supported 6 major outreach events targeting the Veteran business community:

4/29/2014 Illinois Department of Veterans' Affairs Mission: Veterans 2 Entrepreneurs

Hosted by: Illinois Department of Veterans' Affairs (VA)

10/2/2014 Elite SDVOB Network - October 2 Meeting for Veteran-Owned Businesses

Hosted by: Elite SDVOB Network and the law firm of McDonald-Hopkins

10/15/2014 Procurement Showcase - Veteran-Owned Businesses

Hosted by: U.S. Department of Veterans' Affairs, Illinois Department of Veterans' Affairs and Illinois Department of Central Management Services (CMS) - Business Enterprise Program (BEP)

11/5/2014 Veteran Small Business and Grant Opportunity Conference

Hosted by: U.S. Environmental Protection Agency, Region 5

11/6/2014 Doing Business with the Veteran Affairs

Hosted by: U.S. Small Business Administration

11/13/2014 Annual Veteran's Entrepreneurial Boot Camp at GSU

Hosted by: Governors State University Office of Small Business Development

EFFORTS TO INCREASE VETERAN PARTICIPATION

Efforts implemented by CMS have been successful but we believe there are opportunities for improvement. To that end, CMS has developed a strategic business and outreach focus for FY16.

In FY16, CMS will develop a series of events across the state which will target the top 6 spend categories: Information Technology; Equipment and Commodities; Health; Food; General Services; and Construction (both horizontal and vertical). CMS will serve as the overall host agency for all events and will include co-sponsor these events with key agencies who generate the State's top spend solicitations within these categories.

The first event will take place in the 2nd quarter of FY16 beginning with the Construction Industry. Each of the quarterly events will be structured to promote veteran and diverse business owners' inclusion in state contracting while also providing forums to bridge prime contractors with vendors through matchmaking exercises. Our overall mission is to create business platforms where we provide access to key decision makers, expert testimony and insightful presentations, as well as educational and networking opportunities.

Additionally, CMS will call upon our partner agencies and business leaders to help recruit veteran owned firms and connect our agency to their database of constituents to promote current state government solicitations and opportunities. Our past efforts with these entities have helped their members learn how to do business with the State. We now will focus on helping their members to be more successful in securing business with the State.

Furthermore, CMS will continue to research best practices that can be implemented in Illinois to support and increase our eligible pool of veteran business owners and to achieve successful partnerships.

VETERAN APPRENTICESHIP AND TRAINING

Executive Order 15-12 also directs each State Agency, including CMS, to capture information on apprenticeship and training opportunities. Specifically, the Executive Order requests each State Agency to require each Labor Organization or contractor that is party to a State contract currently in effect, or that enters into a State Contract after the effective date of the Executive Order, to obtain and report to the State Agency within thirty (30) days of that request the total number of participants in any apprenticeship and training programs offered by the Labor Organization, or contractor and its subcontractors, the total number of participants who are (a) Minority Persons and (b) Veterans, and the percentage of total participants who are (a) Minority Persons and (b) Veterans.

CMS worked with representatives from the Illinois Department of Transportation, Capital Development Board, Illinois State Toll Highway Authority and the Illinois Department of Labor to develop methods to capture this information. There is a vast network of labor organizations providing apprenticeship and training programs in Illinois with different enrollment practices and timeframes within the network. We found the best method for capturing the information from state contractors was through the creation of a standardized reporting document. The form that we developed is attached to this report for your information. CMS will begin soliciting apprenticeship/training reports from its applicable contractors beginning July 1, 2015.
