In addition to the CMS posting system, announce vacancies of B/L positions to organizations such as IAHSE and others to increase the diversity of qualified applicants, for all positions, not just bilingual Spanish speaking positions.

In order to obtain the most qualified and competent bilingual Spanish speaking staff, the agency has also instituted an on-site verbal and written test. How do you determine your need for Spanish-speaking bilingual staff outside of Cook County by County and/or Region?

Currently the Aging program Specialist as well as the front desk receptionist keeps a tally of all the bilingual requests by location. At the end of the fiscal year, the numbers are assessed to determine the needs.

IDOA has a phone system where individuals who speak Spanish may press a designated prompt on their phone. The call is transferred to one of the agency’s 4 bilingual/Spanish staff. All bilingual staff are trained, AIRS certified and knowledgeable when responding to the agency’s programs and services. With regards to requests for assistance by a Spanish speaking Walk-in client, in the agency’s Chicago office, we have a Spanish receptionist, supervisor and Aging Specialist who are able to respond accordingly. In the Springfield office, we have three bilingual Aging Specialist available to assist.

Promotional programs that provide Hispanic employees with career ladder enhancement, self-development training or otherwise enhance your agency’s ability to meet the needs of your Spanish-speaking public and your Hispanic employees:

See previous page. The Department is also required to utilize the CMS Upward Mobility List when filling vacancies. In order to obtain the most qualified and competent bilingual Spanish speaking staff, the agency has also instituted an on-site verbal and written test. In addition to receiving a CMS grade for the position, the on-site test will better ensure a more qualified candidate pool when selecting B/L frontline customer service personnel at the Department.

How does your agency assess bilingual skills when filling positions as bilingual option? (Example: structured oral interview, written test, none)

Yes. DCFS requires interns, new hires and those bidding or transferring into a Spanish bilingual position to take a Spanish Bilingual Certification Test to all employees and interns in Spanish bilingual titles. The test assesses oral, written and reading English to Spanish and Spanish to English proficiency. An exception: is if the person has been previously certified by the Burgos Coordinator or the Latino Services Chief for that level of employment. A Spanish-speaking certification must be in their personal record. DCFS employees who are currently in non-bilingual titles who are asked to assist and handle Spanish cases and/or are temporarily assigned to a Spanish caseload must be tested and certified. The Spanish bilingual certification test can only be given by the Burgos Coordinator or the Latino Services Chief. The test is conducted in person. The test has two levels, professional and clerical. It will be determined based on the title being applied for. Step 1: The applicant is given an “oral” test in both languages to determine their ability to interpret both from Spanish to English and English to Spanish. Questions will be asked about the applicant’s background, education, job history, career goals and community involvement. Step 2: The applicant is given a “written” test. The applicant is asked to translate a paragraph in writing from English to Spanish and then a different paragraph from Spanish to English. The person is allowed to take all the time they need to finish this part of the test. The time is documented in the result page. Step 3: The applicant is asked to read what he or she wrote both in Spanish and English to review their “reading” ability. Once the three steps are done, the tester can determine the person’s familiarity with DCFS terminology. Upon passing the test, this will qualify them to receive Spanish bilingual pay. All candidates filling DCFS Spanish Speaking must be certified as having the ability to speak, write and comprehend Spanish prior to actually start working in the position. The written and oral certification is conducted by the Office of Latino Services.

Inquiries received from applicants regarding the hiring process are connected directly to the IDHS Human Resources office.

Spanish-speaking option employment strategies to increase the number of available bilingual/Spanish employees to service the needs of your Spanish-speaking public:

As a result of the commitment of IDHS, the Agency has created the Limited English Proficiency (LEP) Committee to review and analyze the need for additional Spanish Speaking positions. The LEP Committee works with all Divisions to ensure each one has an LEP plan which includes hiring sufficient bilingual staff. Moreover, in the fall of 2010, IDHS Divisions were asked to conduct a Spanish bilingual needs assessment to identify which of the ePARs being submitted should be coded as a Spanish bilingual option. This effort ensured that new ePARs would take Spanish bilingual needs into consideration and sought to increase the number of Spanish bilingual staff across the state.

build the Agency's capacity to serve Latino customers.

What steps has your agency undertaken to ensure that all administrative staff responsible for hiring, interviewing, recruitment and EEO are complying with all legislative mandates of the Hispanic Employment Plan?

All recruitment, interviewing, and hiring is done with the assistance of the Human Resources Office, which is where the EEO Officer is located. This allows us the opportunity to make sure that filling our vacant positions comply with all mandates.

Does your agency have a designated Hispanic Liaison who works with the Hispanic Community to recruit bilingual staff? If so, please provide the name:

List all agency activities undertaken in implementing the State Hispanic Employment Plan:

Hispanic employment strategies (recruitment, internships, community linkages, development of a Hispanic Employment Recruitment Plan):

Our efforts to recruit Hispanic professionals currently include sending all of our postings directly to relevant Hispanic/Latino professional associations (such as the Hispanic Illinois State Law Enforcement Association, or the Hispanic Lawyers Association of Illinois) who will publicize our vacancies at no charge. College recruitment efforts go beyond posting positions with the college career services offices to include notification of Hispanic/Latino student organizations in order to solicit applications from their current and alumni membership. Further participation from these
Professional associations and student organizations often can be achieved through sponsorships.

How does your agency assess bilingual skills when filling positions as bilingual option? (Example: structured oral interview, written test, none)

Our plan is to conduct part of the interview in Spanish, though we have not had an opportunity to do so to date.

Spanish-speaking option employment strategies to increase the number of available bilingual/Spanish employees to service the needs of your Spanish-speaking public:

Our highest priority has been given to re-filling Spanish-speaking positions that have been vacated. Our efforts to retain Spanish-speaking employees have included responding quickly to requests for geographical transfer and increasing access to flexible work schedules.

How do you determine your need for Spanish-speaking bilingual staff outside of Cook County by County and/or Region?

The Consumer Services Division primarily does business by taking complaints from customers via a toll-free line. Spanish speaking customers can call our toll-free number to reach a bilingual counselor during business hours. The need for bilingual staff is not restricted to geographic location. Rather, our need is based on our ability to answer calls from such customers in a timely fashion. Currently, all of our bilingual staff is in Chicago but serve the entire state. We do not have a specific formula that is applied to determine how many Spanish speaking counselors we should staff. We have three metrics that we use to determine adequate staffing for all types of calls- the number of calls received, the percentage of calls not answered, and the average amount of time waiting in queue for a counselor. Our call center software allows us to keep track of these metrics for English and Spanish calls separately. Our goals are to answer at least 90% of the calls received and to answer them in 60 seconds or less.

Describe your processes for handling Spanish-speaking phone calls for services and advocacy at your agency in addition to walk-ins:

When someone calls our toll-free line, the initial message directs the caller to press 2 to continue in Spanish. If the caller presses 2, all menus will be in Spanish. Callers that elect to speak to a counselor will be placed in a queue that only our Spanish speaking counselors will be able to answer. For calls coming in to our office from sources other than the toll-free line, we have a Spanish speaking administrative assistant that addresses callers.

Promotional programs that provide Hispanic employees with career ladder enhancement, self-development training or otherwise enhance your agency’s ability to meet the needs of your Spanish-speaking public and your Hispanic employees:

The ICC publicizes free training programs offered by CMS and other state agencies. The titles occupied by our Spanish-speaking employees are part of the AFSCME bargaining Unit which makes possible their ability to participate in the state’s Upward Mobility program, an option previously unavailable to our employees.

How has your agency ensured that all appropriate staff are complying with the mandatory Hiring and Promotion Monitor requirements:

All Hiring and Promotion monitors are completed by the appropriate Human Resource staff member at the completion of the interview process.

All hiring staff have been made aware of the importance of diversifying IDOT’s Rutan interview panels. Developed an internal Engineer Technician Recruitment Taskforce of management staff to oversee components of recruitment outreach for the Engineer Technician position. Continuing the partnership with the Illinois Tollway, for the first Diversity Symposium. These organizations participated in a discussion with IDOT and the Tollway to determine the best way to connect with the clients they serve and to understand actual or perceived barriers to employment. This group will collaborate with IDOT and the Tollway on ways to address those barriers. IDOT’s multi-year Strategic Plan indicates a high priority will be given to the recruitment of qualified, diverse employees. The Diversity Recruitment and Outreach Office was created to implement various methods in recruiting individuals from under-represented groups using various mechanisms. Although several job classifications will be recruited, special emphasis will be placed on increasing the diversity in the Civil Engineer Trainee, Engineer Technician, and Highway Maintainer applicant pools. A member of the Diversity Recruitment and Outreach staff (Ivan L. Barajas) is RUTAN interview trained and participating on interview panels. Also, the lead interviewer in Springfield (Jose Burgos) conducts interviews throughout the state.

RECOMMENDATIONS/COMMENTS

This agency exceeded the Department of Human Rights’ standard of 37% for female goal performance, and is at parity for people with disabilities. The agency failed to meet the Department’s 21% standard for minority goals. Of 11 opportunities to address minority goals, 2 or 18% addressed these goals. The Department found the agency made a good faith effort to meet its minority goals and that many of its opportunities to address these goals were in areas where the labor market availability of minorities was smaller than 21%. Therefore, the agency is in compliance with the Department of Human Rights’ requirements.
