Respectfully submitted to the Illinois General Assembly by Central Management Services

APPENDICES

Agency Name
Street Address
City, IL Zip Code

Dear (Agency Director)

Enclosed please find a copy of the 2015 State Hispanic Employment Plan, which the Department of Central Management Services is required to prepare and submit to the General Assembly, reporting each agency's activities in implementing the plan. The legislation is part of the Governor's commitment to diversity in our workforce, including recruitment, hiring, training, retention and promotion of Hispanic and bilingual employees.

Outlined in the body of this report you will find information on the status of the Hispanic workforce of individual agencies, as well as their accomplishments in meeting the objectives of this important legislation.

Of course, there are many benefits of having a diverse workforce, but perhaps the most significant is to enable State agencies to provide better services more efficiently to the public. Therefore, I strongly encourage your agency to continue to build upon your Affirmative Action and Equal Employment Opportunity goals by placing emphasis on recruitment, hiring, training, retention and promotion of African Americans. As this report shows, much progress has been made during Governor Quinn's administration, and we look forward to witnessing continued efforts to increase the diversity of the state workforce.

Please share this Plan with your senior management staff, including your HR Director, AA/EEO Officer and Recruitment Manager. This Plan may also be accessed electronically at the CMS Diversity Enrichment Program web page at http://www.work.illinois.gov/diversityenglish.htm.

By working together on this initiative, we can achieve the objectives outlined in the Hispanic Employment Plan and better serve the citizenry of our great state. If you have any questions or need additional information, please don't hesitate to contact Carlos R. Charneco at 312/814-0922 or Carlos.Charneco@illinois.gov.

Sincerely,

Simone McNeil
Acting Director

At the DCFS Director’s request the Department recruited very intensively in various universities which had a high concentration of Hispanic students beginning in April 2014. The Office of Employee Services and Latino Services recruited Spanish bilingual candidates by visiting the schools of social work and psychology to providing presentations in classrooms and meeting with students during lunchtime and after school. As a result, many CMS100 applications were submitted by recently graduated students. Because CMS was running very behind on grading CMS100 applications, the Department hired many students as Children and Family Services Interns. Otherwise, the Department would have to have waited for CMS to grade their applications up to 5-6 months later and resulting in not be able to fill positions. By hiring Interns, DCFS bypassed the CMS hiring system.

With the exception of Officials and Managers which had an increase by one, all the other categories had a decrease overall. The total Hispanic count went from 202 to 194. There were some retirements that affect these numbers. The EEO categories requiring client contact such as, professionals went from 145 to 140 and clerks went from 17 to 15 in the past year.

Please provide the details of your plan to increase the number of Hispanics and Spanish-speaking bilingual staff employed by your agency for FY 14 and in what position titles.

The Office of Employee Services, Training and Affirmative Action worked closely on a plan to place the DCFS curriculum in the schools of social work at Aurora, Loyola and Northeastern IL Universities this past year. Students who graduate from these schools will have already taken required trainings provided to new field staff workers in DCFS. This will create a pipeline of qualified student graduates who will be able to apply for paid intern titles which lead to Child Welfare Specialists and Child Protection Specialist. This will help meet the growing bilingual staff needs of the Department.

Were recommendations made to your agency by the Hispanic Employment Advisory Council, DHR, CMS or the Auditor and were any implemented by the agency?

No direct recommendations were made to the Agency. However, through the continuous communication and outreach efforts of by the DCEO Agency-wide EO Compliance/Education & Training/Recruitment Manager, the Department continues to remain an active participant statewide sponsored Hispanic events. In addition, when job opportunities become available the DCEO Agency-wide EO Compliance/Education & Training/Recruitment Manager immediately sends out and shares this information with statewide Hispanic recruitment sources. One recruitment source that has been instrumental to many state agencies is the collaboration between IDHR and CMS. These two (2) entities work together to implement and schedule a number of informative employment workshops throughout State of Illinois which increases the opportunity for applicants to better understand the state hiring process, meet recruiters such as DCEO and hopefully obtain state jobs. As a forethought DCEO would like to recommend the following entities: HEP, IDHR and CMS work together to develop an electronic on-line training session for hiring authorities and HR personnel focusing on the history and importance of "EEO Compliance Law (under the Human Rights Act and Title VI and VII of the Civil Rights Acts). Both
laws are positive mandates to promote the goal of an Inclusive Workforce; Also "Diversity" training should be mandatory within all state agencies, especially for hiring authorities and HR personnel, of which the current majority of staff are composed of non-minorities. One recommendation that DCEO requested and was implemented during FY14 dealt with Rutan training being made available in the Chicago area, not just in Springfield, Illinois. In future, DCEO hopes the State of Illinois will consider increasing the number of highly qualified minorities as Human Resource Managers.

Provide results of your agency’s studies and monitoring success concerning the number of Hispanics employed by your agency in the EEOC categories. Include specific position titles that were filled externally.

While HFS’ EEO/AA Office monitors the hiring process to ensure mandated compliance, overwhelmingly, positions are filled within constraints beyond the control of our monitoring. The success of our internal monitoring with respect to employment of Hispanics is directly proportionate to the limited opportunities to make decisions independent of factors such as bargaining unit considerations or veteran's preference. Specifically, the titles most frequently called for and filled within HFS are subject to bargaining unit provisions. We are most assuredly open to methods to increase targeted hiring/recruitment.

Were there any increases or decreases in the number of Hispanics within any of the EEO occupational categories from the prior fiscal year? If so, please provide specific details.

 Officials/Administrators increased by a total of 8 (a 100% increase) from the prior fiscal year. Professionals decreased by a total of 7 from the prior fiscal year. Para-Professionals increased by a total of 3 from the prior fiscal year. Office/Clericals increased by a total of 1 from the prior fiscal year.

Please provide the details of your plan to increase the number of Hispanics and Spanish-speaking bilingual staff employed by your agency for FY 14 and in what position titles.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

While no specific plan has been implemented during FY 14 regarding targeted recruitment of Hispanics, the EEO Office, Recruitment Office and the Personnel Office has placed an emphasis on educating executive staff emphasizing the benefits of targeting/reaching out to organizations whose memberships and makeup are from the underrepresented groups including Hispanics in an effort to increase the pool of potential candidates for vacancies within those groups.

What training has been provided to recruitment staff to recruit Hispanics? Please include information about the materials, dates of training and meetings with administrative and senior staff. If no training or materials have been provided, please explain why.

Officials/Managers - continues to be at parity  
Professionals - continues to have 1 underutilization

Protective Services - continues to be at parity  
Para-Professionals - continues to be at parity 
Office/Clerical - increased by 2

Service Maintenance - increased by 9

FY13 total Hispanic underutilization = 66  FY14 total Hispanic underutilization =122  FY15 total Hispanic underutilization = 125  
The EEO categories evidenced slight increases in the underutilization from last year. The only explanation we have is that the population data shows an increase of persons in this affirmative action group in the areas where there are Colleges and Universities and this is where the underutilization increases were found. The Department of Human Rights (DHR) issued new rules that change the DHR regions from 11 to 10, and all new regions will have different counties than they had previously. This change will take effect July 1, 2015 (FY16). The purpose of the change in regions is to better reflect commuting patterns for work and labor force availability purposes and to be consistent with the economic regions used by the Department of Commerce and Economic Opportunity.

No

Please provide the details of your plan to increase the number of Hispanics and Spanish-speaking bilingual staff employed by your agency for FY 14 and in what position titles.

Prior to posting a position, we discuss our intentions with the staff of the Diversity Enrichment Program. They have been very effective in helping us to disseminate information about our vacancies to various professional organizations with Hispanic membership. We post all vacancies on the ICC and Work Illinois websites. Additionally, we have received assistance from Illinois Association of Minorities in Government and Rep. LaShawn K. Ford’s job bulletin. In years where there are more vacancies, we attend minority career fairs at various universities. In years with few vacancies, we still volunteer to work with minority students at mock interviews and resume reviews to maintain positive relationships with career services offices. The ICC participated in an internship program for high school students with Chicago Public Schools this year for the first time. We have recently implemented an initiative to seat at least one minority participant on every interview panel we convene. Until more of our staff have an opportunity to be certified, panels will have at least one minority adviser or consultant.

What activities does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

EEO/AA Office completes the appropriate Hiring or Promotion Monitor form which is forwarded to interviewing/selecting official(s) prior to conducting interviews. Completed AA Monitor form is reviewed to ensure thorough and accurate completion, and is then signed by the EEO/AA Office and by the Director prior to any offer of employment.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency’s method of random selection.

After reviewing AA Monitor form, "blind" list is reviewed for applicants that may address the Agency’s underutilization. If there are, some or all (depending on the total number on the list) of underutilized applicants will be requested for interview in addition to the random selection of a reasonable representation of all other applicants.

What activities does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

The EEO/AA Officer works with the agency Human Resources Division and provides statistics regarding the underutilization of minorities in the EEOC categories in the underutilized DHR regions and the importance of achieving parity in those areas; provides input and status on the State Hispanic Employment Plan Act (PA 096 - 0597) to HR; periodically reviews the CMS blind list and/or informs HR of the underutilization of minorities in the EEOC categories when the agency has the opportunity to hire from the Open Competitive list and periodically reviews the Interview packets where minority/female applicants where not the highest ranked candidate for hire.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

• HR Calls for Eligibility List.
• There are no names on this list. Each candidate on the list is identified by a number, e.g. 1,2,3,4.
• HR designates the total number of candidates it wishes to interview. For the sake of this example, we will call them interviewees.
• HR has a database it uses as a lottery.
• HR enters the total number of candidates from the eligibility list and the desired number of interviewees into the database.
• The database randomly selects the interviewees. For example, if the total number of candidates on the eligibility list equaled 300 and HR wanted to interview 10, the database would randomly choose 10 numbers between 1 and 300. For example, 5,10,15,20,25,30,35,40,45,50.
• HR would send that list of numbers to CMS and ask for the list of names corresponding to the selected numbers on the list.
• CMS would then send HR the names corresponding to the 10 numbers submitted. All 10 individuals on that list must be invited to interview.

What activities does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

Weekly meetings are held with the Chief of Staff, Human Resources staff, and the EEO Officer to review position vacancies and discuss underutilization. In addition, staff is trained on how to review the Open Competitive lists to determine the race of candidates, if the job category and region of the position being filled is underutilized, and ensures those candidates are invited to participate in the Rutan interview.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

When conducting a random selection of candidates, a pattern is chosen, numbers are circled, and then the names/addresses are requested. The number of names requested depends on how many candidates there are as well as how many positions we are hiring. Examples: pick all even numbers, every third number, the first and last number on each page, etc.

During FY 14, what steps did your agency take to ensure administrative staff responsible for hiring, interviewing and recruiting, are complying with the legislative mandates of the Hispanic Employment Plan? Please include information about the materials and meetings with administrative and senior staff. If no meetings or materials were scheduled or provided, please explain why.

Interview & Selection is handled by the Administrative & Regulatory Shared Services Center. All staff is certified to conduct Rutan interviews and also ensures any non-A&R SSC staff that are participating on the interview panel are also active Rutan Certified interviewers prior to conducting the interviews. Staff is also training on how to review the Open Competitive lists to determine the race of candidates, if the job category and region of the position being filled is underutilized, and ensures those candidates are invited to participate in the Rutan interview.

What activities does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

During the hiring process, the EEO Officer, who also completes the annual Affirmative Action Plan, reviews all hiring and promotion monitors to ensure that the hiring process is being conducted in a fair and equitable manner, and is working toward remedying areas of underutilization.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

A blind listing of eligibles is requested from CMS with no candidate names provided. To ensure a manageable number of interviews from this listing, the Bureau Chief may decide to select every other eligible candidate or every fifth or tenth candidate on the list depending on the number of candidates provided. A new eligible list is then requested from CMS with the requested selection criteria and candidate names are then provided to DOT. Those candidates are all chosen for the open competitive interview process for that position.

The Chief also meets with staff frequently to review recruiter reports and provide guidance on where to recruit Hispanic candidates.

Outreach programs have been developed to reach the underutilized population to increase the awareness of civil engineering as a career. a) Diversity in Engineering College Scholarship Program b) Engineering Academy for Elementary and High School students c) Chicago Public School District Annual Job Shadow Day, Career Day and Summer Internship Program. The Office of Diversity Recruitment and Outreach attends college engineering and community career fairs as staffing permits. In partnership with College of Lake County and Joliet Junior College, launched a revised Engineer Technician training program. The revised program was developed with the assistance of IDOT engineers. This semester-long classroom and experiential educational opportunity is to help increase the qualified applicant pool for IDOT entry level Engineer Technicians. Created and launched a Minority Outreach website showing current diversity programs and providing opportunities to join the IDOT Professional and Academic Network Alliance. The network provides updates of position postings, career fairs, and outreach efforts to a statewide database of interested individuals, community organizations, and elected officials. Individuals from multiple regions (statewide) represent business owners, NAACP, ministers, and other catalysts to reach underutilized populations with employment and training opportunities. <td>Aging</td>
<td>The Illinois Department on Aging provides direct services to older adults and persons with disabilities through the toll-free Senior Health and the Senior Health Insurance Program (SHIP) which mobilizes a volunteer network to provide outreach and counseling to Medicare beneficiaries. Specifically, the Senior Helpline tracks the number of Limited English Proficient (LEP) individuals needing assistance. To date, the majority of LEP callers require assistance in Spanish. The Department has increased to the number of Spanish speaking bilingual staff to ensure we accommodate client needs. We monitor calls on an on-going basis to evaluate if we need to hire staff that speaks additional languages such as Polish and Chinese. However, the number of calls has not justified such a need. When we do receive a call from a client needing assistance in a language other than English or Spanish we have access to the Proprio language service. In addition, the Department contracts with several social services agencies serving specific language needs through the Community Care Program that we can reach out to for assistance. With regard to SHIP, we have Spanish speaking staff that provides training and technical support regarding Medicare to our SHIP certified volunteer network that includes more than 700 counselors at approximately 250 sites throughout Illinois. The SHIP program volunteer network includes certified counselors that speak several languages including Spanish, Korean, Polish, Chinese and Russian. These counselors in the field are available to assist Medicare beneficiaries if needed in their native languages.</td>

RECOMMENDATIONS/COMMENTS

This agency used the Successful Disability Opportunities program many times throughout the year and is commended for its hiring of people with disabilities. Although the agency’s performance in regards to hiring women was only 21%, and its performance in regards to hiring minorities was only 6%, the agency conducted substantial outreach to attract minorities and women, and in most cases the availability of qualified individuals for the specialized vacancies that this agency has is low. For these reasons, the Department finds that agency made a good faith effort in addressing its affirmative action goals and is given an exception for failing to meet DHR’s minimum compliance criteria.
