Agency Name
Street Address
City, IL Zip Code

Dear (Agency Director),

Enclosed please find an electronic copy of the 2016 State Hispanic Employment Plan, which the Department of Central Management Services is required to prepare and submit to the General Assembly, reporting each agency’s activities in implementing the plan.

Outlined in the body of this report you will find information on the status of the Hispanic workforce of individual agencies, as well as their accomplishments in meeting the objectives of this important legislation.

Of course, there are many benefits of having a diverse workforce, but perhaps the most significant is to enable State agencies to provide better services more efficiently to the public. Therefore, I strongly encourage your agency to continue to build upon your Affirmative Action and Equal Employment Opportunity goals by placing emphasis on recruitment, hiring, training, retention and promotion of Hispanics. As this report shows, much progress has been made during Governor Rauner’s administration, and we look forward to witnessing continued efforts to increase the diversity of the state workforce.

Please share this Plan with your senior management staff, including your HR Director, AA/EEO Officer and Recruitment Manager. This Plan may also be accessed electronically at the CMS Diversity Enrichment Program web page at http://www.work.illinois.gov/diversityenglish.htm.

By working together on this initiative, we can achieve the objectives outlined in the Hispanic Employment Plan and better serve the citizenry of our great state. If you have any questions or need additional information, please don’t hesitate to contact Carlos R. Charneco at 312/814-0922 or Carlos.Charneco@illinois.gov.

Sincerely,

Michael M. Hoffman
Acting Director

What hiring does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

It is difficult to address underutilization during the open competitive hiring process. All veterans, regardless of race, must be given equal opportunity to interview for open positions. If the veterans list is exhausted, the agency generally requests a random sample of candidates from the list in order to remain in compliance with personnel rules/regulations. Again, all those who respond must be given equal consideration during the interview process. CDB would welcome any changes to
the union contract/personnel rules that would allow more flexibility in the hiring process in order to address areas of minority underutilization.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

Once the blind list is received, the number of candidates on the list is evaluated. From there, every 10th name is circled and requested from CMS. More names are selected in the same manner if needed.

During FY 15, what steps did your agency take to ensure administrative staff responsible for hiring, interviewing and recruiting, are complying with the legislative mandates of the Hispanic Employment Plan? Please include information about the materials and meetings with administrative and senior staff. If no meetings or materials were scheduled or provided, please explain why.

Minority recruitment and hiring is a priority at CDB. All administrative staff responsible for the hiring process understand the importance of adhering to the Hispanic Employment Plan. The agency is in the process of creating a Model Recruitment plan to formalize the steps the agency takes when filling a position to confirm adherence to all legislative mandates.

What training has been provided to recruitment staff to recruit Hispanics? Please include information about the materials, dates of training and meetings with administrative and senior staff. If no training or materials have been provided, please explain why.

CDB does not have dedicated recruitment staff. The agency shares vacancies with external groups in an effort to recruit Hispanic candidates for our vacancies. The agency is in the process of creating a Model Recruitment plan to formalize the steps the agency takes when filling a position to confirm adherence to all legislative mandates.

Were there any increases or decreases in the number of Hispanics within any of the EEO occupational categories from the prior fiscal year? If so, please provide specific details.

The number of Hispanics increased in the following categories in FY15: Officials/Managers, Technicians, and Office/Clerical. The most notable increase was in the Officials/Managers category with 23 additional Hispanics. The number of Hispanics remained the same at 8 in the Para-Professional category, and there was a slight decrease in the Professionals (decrease of 7) and Service-Maintenance (decrease of 1) categories.

Please provide the details of your plan to increase the number of Hispanics and Spanish-speaking bilingual staff employed by your agency for FY 15 and in what position titles.

The Office of Employee Services and Office of Affirmative Action/Latino Services had detailed recruitment plans to recruit bilingual staff during FY15. The increase was lead mostly by the hiring of Children and Family Services Interns from outside the agency. This was the best way to address the shortage of bilingual staff for the Department as quickly as possible.

The participants on this committee include key DCFS division administrators.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency’s method of random selection.

There is also a Burgos Compliance Workgroup Committee which meets regularly to discuss many issues, among them are retention and recruitment of bilingual Spanish Speaking workers, and the development of recruitment strategies. Were recommendations made to your agency by the Hispanic Employment Advisory Council, DHR, CMS or the Auditor General and were any implemented by the agency?

The Council recommended DCFS hire more frontline bilingual staff. They were advised Central Management Services (CMS) is taking too long to grade the CMS100 applications. However, the agency was able to hire many new Children and Family Services Interns that were able to be filled quickly without waiting for CMS to grade traditional CMS100 applications. The Council was going to see what they could do to quicken the CMS grading process.

Were recommendations made to your agency by the Hispanic Employment Advisory Council, DHR, CMS or the Auditor General and were any implemented by the agency?
At this time no recommendations were provided to the Department by the HEP Advisory Council or the Auditor General regarding recruitment of highly qualified Hispanics/Latinos. However, DHR and CMS have worked together to implement and schedule a number of informative employment workshops throughout State of Illinois which increased the opportunity for applicants to better understand the state hiring process, meet recruiters and obtain state jobs. As a forethought the Department would like to recommend the following: Both the HEP, DHR and CMS work together to develop an electronic on-line training session for hiring authorities and HR personnel focusing on the history and importance of "EEO Compliance Law (under the Human Rights Act and Title VI and VII of the Civil Rights Acts). Both laws are positive mandates to promote the goal of an Inclusive Workforce; Also "Diversity" training should be mandatory within all state agencies, especially for hiring authorities and HR personnel, of which the current majority of staff are composed of non-minority’s. Now that Rutan training is made available in both Chicago and Springfield areas, the Department’s Office of EOMC hopes the State of Illinois will consider increasing the number of highly qualified minorities as Human Resource Managers.

When vacancies exist, IDHHC uses all forums available to recruit new employees including deaf events such as Deaf Latino Day, Deaf Nation and ADA Celebrations. In addition to CMS, all vacancies are posted to general disability and deaf and hard of hearing organizations throughout the state and nationwide, and specifically to National Hispanic Council of the Deaf and Hard of Hearing.

The Illinois Deaf and Hard of Hearing Commission’s primary objective is to ensure all Illinois residents with a hearing loss will enjoy the benefits of a fully accessible society enabling each person to participate in and contribute to all aspects of life. In order to achieve this objective, all positions within the agency are fluent in American Sign Language at a colloquial level. Given the population this agency serves, the requirement of ASL is a necessity. Unfortunately, this requirement substantially limits the number of qualified applicants available when filling vacancies. Nonetheless, the agency is committed to hiring a diversified workforce. What hiring does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

The IGB recommends that all interested candidates, including various minorities, females and the disabled, seek grades from CMS to receive and maintain their eligibility so that all qualified candidates are prepared when external employment opportunities are available.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.
A random selection of candidates from an open competitive list may be utilized if the blind "A" list has a lot of eligible candidates. If a random selection is utilized, the A&R Shared Services takes into consideration whether or not there is underutilization for that particular region, and a consistent pattern is selected.

Provide results of your agency’s studies and monitoring success concerning the number of Hispanics employed by your agency in the EEOC categories. Include specific position titles that were filled externally.

While HFS’ EEO/AA Office monitors the hiring process to ensure mandated compliance, overwhelmingly, positions are filled within constraints beyond the control of our monitoring. The success of our internal monitoring with respect to employment of Hispanics is directly proportionate to the limited opportunities to make decisions independent of factors such as bargaining unit considerations or veteran’s preference. Specifically, the titles most frequently called for and filled within HFS are subject to bargaining unit provisions, thereby limiting our selection options. External titles included: PSA; Office Coordinator; Office Specialist and Information Systems Analyst I. We are most assuredly open to methods/external recommendations to increase targeted hiring/recruitment.

Were there any increases or decreases in the number of Hispanics within any of the EEO occupational categories from the prior fiscal year? If so, please provide specific details.

What hiring does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

We always attempt to ensure that we utilize a consistent pattern of selection for each process. We haven't determined an exact methodology to distinguish between candidates from underutilized categories from those that aren't.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

Bureau of Selection and Recruitment (BSR) personnel contact CMS and request a blind Open Competitive List for the appropriate job title. The request includes the Job Title, Position number, Veterans and/or non-Veterans, and number of positions to be filled. CMS will forward a blind list (no candidate information is provided) of all the candidates with an “A” grade. Veterans will be first and non-veterans will be listed in the second grouping. BSR personnel will circle the numbers associated with the candidates and return to CMS. All veterans will be chosen. All non-veterans numbers are randomly circled. CMS will then forward the list with the candidate information to BSR personnel for the candidate numbers circled on the blind list. BSR personnel will send letters requesting interviews. Interviews will be conducted of all candidates responding to the invitation. The highest scoring Veteran candidate is offered the position. If there are no veterans in the interview process, the highest scoring candidate will be offered the position.

Please include information about the materials and meetings with administrative and senior staff. If no meetings or materials were scheduled or provided, please explain why.

No specific initiatives or specific recruiting plan was implemented to recruit or fill positions either internally or externally. We advise and educate senior staff on compliance mandates including those of the Hispanic Employment Plan, but have not devised a specific plan to encompass targeted recruiting and hiring.

What training has been provided to recruitment staff to recruit Hispanics? Please include information about the materials, dates of training and meetings with administrative and senior staff. If no training or materials have been provided, please explain why.

HFS has not provided specific training to recruitment staff to recruit Hispanics. As indicated in the response to question #10, when we are made aware of a need to increase bilingual staff, proactive measures are taken to address that particular need. HFS has not at this time developed a method of recruitment in which candidates are targeted based on ethnicity. Likewise, no training has been developed or offered to recruitment staff that is this specific.

Provide results of your agency’s studies and monitoring success concerning the number of Hispanics employed by your agency in the EEOC categories. Include specific position titles that were filled externally.

The agency continues to monitor and study all minority numbers but continues to have difficulty in increasing diversity within the agency. For positions that become vacant, the agency actively recruits and seeks minority candidates when opportunities arise. When selecting candidates from open competitive, blind lists, the Office of Human Resources selects minority candidates for interview pools. Most positions filled externally include Office Associate, Office Assistant, Civil Engineer, Well Inspector, Natural Resource series titles, Site Technicians, etc.

Were there any increases or decreases in the number of Hispanics within any of the EEO occupational categories from the prior fiscal year? If so, please provide specific details.

Yes. Decrease due to change in Administration, retirements, personnel changes in accordance with collective bargaining agreements and hiring lags.

Please provide the details of your plan to increase the number of Hispanics and Spanish-speaking bilingual staff employed by your agency for FY 15 and in what position titles.

The Department is in the process of developing a log to identify areas where Spanish speaking positions were used and in what areas. The Department also continually surveys Executive Staff members and requests a review of bilingual needs positions and areas of employment. The DNR, in cooperation with CMS, has developed new testing and examining procedures for professional titles which will increase candidate pools and recruitment opportunities. These changes will provide more frequent, faster exams and grading opportunities for DNR titles. Some exams may be offered during a scheduled period throughout the year. Additionally, the DNR will be requesting “statewide” open competitive lists which will capture all candidates across the state of Illinois. With these changes, recruiters will be able to offer more opportunities with the DNR to college recruiters, job fair attendees and others who have expressed interest in working with IDNR. Changes to DNR’s Employment Opportunities webpage will continue to improve with these changes. The DNR has identified and developed DNR-specific titles to include more “trainee” opportunities that will provide a career path to full-time, coded positions. These trainee titles will be presented to job fair organizers and college recruiters to develop partnerships for these programs designed to increase diversity and opportunities in the Department. Along with the trainee titles, the DNR will seek entry level opportunities which generally already have large candidate pools. Positions typically determined to have bilingual needs include, Office Associates, Site Technicians, site Superintendents, Natural Resource series titles, Conservation Police Officer.

At the end of June 2015, IDOR's Hispanic American employees totaled 39 (2.55%). Entry level clerical positions (Data Processing Assistants, Office Assistants and Office Clerks) are filled more easily by minorities because the Department has an opportunity to hire off of the open competitive list. The Agency has commenced particular focus on increasing Hispanic Employment following the review and monitoring of Agency achievement. These plans have been outlined in the Department of Revenue Affirmative Action Plan.

What hiring does the EEO Officer conduct/participate in during the open competitive process to ensure that the areas of underutilization for minority categories are being addressed?

Weekly meetings are held with the Chief of Staff, Human Resources staff, and the EEO Officer to review position vacancies and discuss underutilization. In addition, staff is trained on how to review the Open Competitive lists to determine the race of candidates, if the job category and region of the position being filled is underutilized, and ensures those candidates are invited to participate in the Rutan interview.

If random selection of candidates was part of the open competitive interview invitation process, describe your agency's method of random selection.

A random selection from an open competitive list is done by the interviewer selecting a pattern of some sort. It can be 2 names from each page of names, every 10th name, the fifth name from each page, etc. If we are interviewing for a category that is underutilized we try and pick a pattern that will include as many candidates that fall into the underutilized category as possible.

During FY 15, what steps did your agency take to ensure administrative staff responsible for hiring, interviewing and recruiting, are complying with the legislative mandates of the Hispanic Employment Plan? Please include information about the materials and meetings with administrative and senior staff. If no meetings or materials were scheduled or provided, please explain why.

Staff regularly attend and contribute to the discourses in Hispanic Employment Plan meeting. The agency attended conferences including IAHSE and Illinois Latino Caucus Conference in Rosemont Illinois. We exhibited hiring/resource booths in order to attract candidates.

What training has been provided to recruitment staff to recruit Hispanics? Please include information about the materials, dates of training and meetings with administrative and senior staff. If no training or materials have been provided, please explain why.

Interview & Selection is handled by the Administrative & Regulatory Shared Services Center. All staff is certified to conduct Rutan interviews and also ensures any non-A&R SSC staff that are participating on the interview panel are also active Rutan Certified interviewers prior to conducting the interviews. Staff is also training on how to review the Open Competitive lists to determine the race of candidates, if the job category and region of the position being filled is underutilized, and ensures those candidates are invited to participate in the Rutan interview. The Director of HR and Labor meet with the Director of Revenue on a bi-weekly basis to discuss progress and action plans towards Agency goals.

when applicable and interview minority candidates on the list in the underutilization categories. The Shared Services Center also maintains a FACEBOOK page where people who follow the Shared Services Center can get up-to-date information on our job postings. IDOR Staff also attended many job fairs/employment workshops throughout the year. This year Illinois Department of Revenue instituted strategic workshops focused on identifying all positions which the department frequently hires from the general public. At these workshops, individuals are asked to complete their CMS 100s on site in order to acutely increase diversity on eligibility lists.

RECOMMENDATIONS/COMMENTS

*During the fiscal year, the agency achieved parity for females and African Americans and is at parity for people with disabilities. For minorities, the agency’s primary goal was to address the high underutilization of Asians. A strategic recruitment plan was written to focus its efforts to address the method to increase the number of qualified Asian applicants for employment thereby, ultimately increasing the number of successful candidates. The agency’s Asian American Council has expanded their recruitment to participate at job fairs with professional organizations and colleges/universities. The agency has also a partnership with universities that have added the agency curriculum and certification to their social work classes; also the agency is exploring/expanding the degrees that qualify for job positions with the agency. With this partnership, the schools that offer undergraduate and/or graduate degrees in social work or other degrees recognized by the agency to serve as “feeders” for the agency and which have significant Asian student populations. As a result of these efforts, the agency hired Asians to address their goals. The agency documented a good faith effort and because of this was granted an exception.

FINDINGS
Agency in compliance X Agency in non-compliance

RECOMMENDATIONS/COMMENTS
*The agency did not meet the minimum compliance criteria for females due to the fact that there are few females in the applicant pool. Furthermore, when reviewing the female and male hiring data both are hired at a comparable rate. The agency has established recruitment program for all groups and has accomplished their performance measures that were outlined in their affirmative action plan. During FY15, the agency EEO/AA Officer developed a Local Workforce Investment Act (LWIA) pilot program that would help the agency identify candidates for the Correctional Officer trainee position. The program started in one region of the state and was expanded into another region, where the agency has one facility. As of this time, the program has had good results and the facility in that region has hired minorities that will address underutilization. This program will help increase the participation of minorities and women, and will be permanent and applied throughout the state. The agency continues to make a good faith effort by recruiting females and minorities by participating in job fairs and contacts with professional organizations. For these reasons, the agency was granted an exception.

The agency’s performance in regards to hiring females was 19%, which is significantly below the Department of Human Rights’ standard of 38%, and efforts to recruit female candidates was not documented. The agency will be referred to the Department of Central Management Services for implementation of a training program to address underutilization.

RECOMMENDATIONS/COMMENTS

This agency failed to meet the DHR standard of 25% for minority goals and 38% for female goal, in that it addressed minority goals 20% of the time and female goal only 28% of the time. ISP is granted an exception because it documented a good faith effort to recruit minorities and females and the availability rate of sworn personnel in Illinois is not as high as DHR’s minimum compliance criteria. A Late Notice was issued this year in regards to one of the agency’s DHR reports. The agency should strive to submit its reports on time.
