4.0 Chair’s Report

4.1 Chairman Weems introduced Mr. Paul Cerpa as new Deputy Director for the BEP, who has a lot of experience in business diversity programs and will be serving as the new Council Secretary. Mr. Ruddy Ortiz will still be working with BEP via DHS, the largest state agency to assist the agency meet their BEP spend goals on contracts.

5.0 Posted Business

5.1 Chairman Weems stated no posted business at the current time.

5.2 Chairman Weems mentioned that he and Secretary Cerpa met with Senator Sandoval last week regarding the new grants related to construction and expects about 250 grants from DCEO.

5.3 Secretary Cerpa mentioned that grants have been an overlooked item to include minority, females and person with disability participation that apply to construction with some agencies, not for profit organizations, municipalities, as well as some the educational institutions who would be recipients of those dollars in construction. Such activities would now be requiring to have BEP goals associate with these grant procurements. Mr. Cerpa explain that the best way to administer the program given the fact that DCEO is the funding source CMS\BEP would be the filtering agency and CDB would be administering the process since they currently receives grants for construction and work to ensure CMS\BEP goals are addressed. Since CMS does not have any construction associated with the day-to-day activities, CMS\BEP would work in conjunction with CDB, having signoff responsibility to ensure BEP goals are achieved. Currently, Administrative Rules review will begin with legal and will have to receive JCAR approval.

8.0 Adjournment
5.4 Mr. Fred Coleman raised the question which was related to Senate Bill 3249. Mr. Coleman stated that he has run into situations where there is a mixture of funds from federal, state and municipal on a project what portion would be subject to a BEP goal. Chairman Weems stated the only portion that would be subjected to BEP goals would be state dollars and the goal would be determined by CDB.

5.5 Mr. Jesse Martinez stated that CDB only puts goals on state dollars not on federal dollars if there are any other sources of funds associated with projects.

7.0 New Business

7.1 Chairman Weems mentioned that new monthly reporting on large contacts that have no BEP goals would be applying pressure to have goals on them and reviewed by the BEP council as necessary. The development of a tracking form similar as HFS to track goals on those contracts for BEP council is being considered. At the current point, there is no list for review and the possibility of adopting HFS form to track contracts.

7.2 Beth Doria recommended that the Policy/Enforcement committee review the list of contracts and agencies compliance plan that are not meeting the BEP goals.
