## **Director Schultz Issues Statement on Enterprise Zones**

SPRINGFIELD – “In compliance with the statutory timeframe, the Illinois Enterprise Zone Board voted to approve 49 applications to establish or renew enterprise zones. In light of Illinois’ current fiscal uncertainty and ongoing budget impasse, the Department of Commerce and Economic Opportunity will not certify the enterprise zones at this time. Local and state tax incentives are important business development tools, but cannot be truly effective while the state continues to bleed jobs due to high costs of doing business. To issue tax incentives without addressing these cost drivers would be a disservice to Illinois businesses and communities. The Department of Commerce will continue to evaluate the appropriate time to certify the approved enterprise zones.”
