I have met together with the parent(s) and caregiver(s) whose signatures appear above to review the recorded events and plan continuing reunification support.

I have reviewed this log with the caseworker. The parent(s) whose signature(s) appears above is progressing toward family reunification and I approve continued use of the support fee.

The Reunification Support Special Service Fee is available to caregivers of children whose families are making progress toward reunification. The log documents joint efforts of the parent(s) and caregiver(s) of a child in foster care toward family reunification. The focus is on support of parenting activities in a family setting. The log may be used to demonstrate the regular participation of the parent(s) in his/her/their child(ren)'s life to the court. It is also used to document reimbursable activities by the caregiver in support of family reunification. Caseworkers are encouraged to introduce this log and support its use from the time a child enters care.

Caregiver Qualification for Reunification Support Special Service Fee

A caregiver qualifies for the Reunification Support Special Service Fee for activities engaged in together with the parent(s) of his or her foster child(ren) in work toward family reunification. Reimbursement is available at 4 levels based on the number of parent-caregiver activities during the month, with 3 qualifying activities required at each level. Parent and caregiver must both participate and sign off on the log for the activity to qualify for the Reunification Support Special Service Fee.

Family Setting Activities

At least 2 activities at each level must engage parents in activities with their children in a family setting. The activity qualifies for caregiver reimbursement if the caregiver provides the location, supervision, mentoring or transportation for these activities. Family setting means the home of the caregiver, parent, relative, friend or a church or community institution that offers an appropriate environment for parenting activities such as help with homework, hobbies, meal preparation, grooming, chores, getting ready for nap or bedtime. If a parent is hospitalized, in a residential treatment facility or incarcerated, then a visit in the visiting room of the institution is credited as a visit in a family setting.

The requirement that two activities at each level be held in a family setting is waived for the first two months of the Reunification Support fee to permit caregiver and parent to get to know one another and to identify appropriate settings for parenting activities. Caseworkers are encouraged to begin the reunification support special service fee log with caregivers and parents at the first family meeting when planning for visits and shared parenting activities or as soon thereafter as is appropriate for the parties involved.

Choice Activities

The third activity in each level may also be in a family setting or may be any of the following:

- Shared parenting activities related to medical, educational, religious or social needs of the child, see Permanency Planning Policy and Practice Guide 9.5.5.
- Planning meeting with caseworker and parent, supportive visits, Child and Family Team meeting, or Administrative Case Review with parent.
- Participation in parenting classes with parent.
- Attendance at court hearing for child with parent.
- Participation in family counseling toward reunification.
- Respite or other services rendered in support of the family between return home and case closure.

Instructions for Use of Reunification Support Special Service Fee Log

Caregivers seeking reimbursement for Reunification Support Special Service Fee must document completion of qualifying activities on the log on the reverse side of this page. Reimbursement acknowledges 4 levels of frequency of Reunification Support activity and is designed to reward the effort required to achieve continuity of contact. To qualify for reimbursement the log must have at least 3 approved events. Each level of reimbursement must include at least 2 family setting activities.

Level 1	3 activities	\$75
Level 2	6 activities	\$150
Level 3	9 activities	\$250
Level 4	12 activities	\$400

The Reunification Support log tracks reimbursable activity for an entire month. A new log is required for each month of reimbursement. An entry is made for each activity and is signed by the caregiver and participating parent at the time that the activity occurs. The log is submitted by the parent and caregiver to the child's caseworker, and together they review the past month and plan for the coming month. Each log must be approved by the supervisor. The amount of the fee is calculated monthly based on the reported activity. Payment is based on levels completed. The minimum payment is \$75 for completion of Level 1. The maximum is \$400 for completion through Level 4 with 12 qualifying activities within the month, 8 of which engage parents in activities with their children in a family setting.

The Reunification Support Special Service fee covers mileage, child care, incidentals that occur as a result of caregiver time spent in this activity, expenses incurred in qualifying cultural/educational/recreational activities with the parent(s) and child(ren) and activities that may include other family members such as children's birthday parties, family reunions, and observation of holidays.

Reunification Support Special Service Fee Not to Duplicate Sibling Visit or Other Special Service Fees--If reunification is sought and siblings are in separate placements, all siblings should be included in the family visits and reimbursement sought under the Reunification Support Fee whenever possible. In the case of a no contact order or other circumstances requiring sibling visits separate from family visits, both reunification support and sibling visits may qualify for special service fees. In no case may a visit be considered as a Reunification Support Special Service Fee required activity and be considered for any other special service fee.

Caseworker and supervisor must submit a completed 906-4 with reason code 17, along with a copy of the signed CFS 1042-L, Reunification Support Special Service Fee Log reflecting the activities for the entire previous month to Central Payment Unit at FAX 217/557-0639. All activity for the month must be on one log.
