I. PURPOSE

More than 8,000 children in Illinois were identified victims of sexual abuse in 1998 and thousands more have been brought to the attention of the Department of Children and Family Services in previous years. Sexually abused children who do not receive prompt clinical intervention for their victimization are at risk of developing serious and persistent emotional disorders, including reactive behaviors which may pose a risk of sexual harm to others.

Child protection workers, case managers and supervisors routinely refer child victims of sexual abuse for medical and counseling services to protect the physical and emotional health of these children. The purpose of this policy guide is to encourage more focused therapeutic interventions for these children, while supporting the ongoing efforts of workers in the public and private sector of child welfare. In support of this goal, the Department requires that child victims of sexual abuse be referred to qualified treatment providers who have clinical experience in the field of child sexual abuse.

II. PRIMARY USERS

The primary users of this policy guide are Department caseworkers, supervisors, Field Services Managers, Administrative Case Review (ACR) staff, Agency Performance Teams (APT), and purchase of service agency (POS) caseworkers and supervisors.
III. KEY WORDS

Child victims of sexual abuse, focused therapeutic intervention, qualified treatment providers, Treatment Referral Form, Clinical Services Manager, best practice

IV. IDENTIFICATION OF CHILD VICTIMS OF SEXUAL ABUSE

Child victims of sexual abuse (Allegations 18, 19, 20 and 21) will be brought to the attention of caseworkers and supervisors by the Division of Child Protection in compliance with Procedures 300, Section 300.150 (Referral for Services). Child victims of sexual abuse shall be screened for referral for specialized treatment services in accordance with this policy guide.

V. TREATMENT SERVICE REFERRAL STANDARDS

1. Child victims of sexual abuse shall be referred to qualified and experienced providers to receive treatment for their victimization when:
   a. the child was a victim of sexual abuse on or after the effective date of this policy guide; and
   b. the child has been determined to have a sexually transmitted disease (Allegation 18); or
   c. the child has been determined to have been sexually penetrated (Allegation 19); or
   d. the child has been determined to have been sexually exploited (Allegation 20); or
   e. the child has been determined to have been sexually molested (allegation 21); and
   f. the child/family has an open case with the Department (Intact Family or Placement); or
   g. the child/family has been referred for case opening; or
   h. the child/family is being served directly by the Department or through a purchase of service agency.

2. Department and POS caseworkers are not required to refer child victims of sexual abuse for treatment services when any of the following conditions exist:
a. The child and/or family are already receiving appropriate therapeutic services from a qualified clinician, including residential treatment, and the clinician has been informed of the child’s victimization. This includes children and/or families who have completed treatment with a therapist who was aware of the child’s sexual abuse.

b. There are no child safety or protection issues and a Child and Youth Centered Information System (CYCIS) case is not being opened. In cases that are not referred for opening, including reports which are unfounded, the assessing worker in downstate regions or the Division of Child Protection (DCP) worker in Cook County shall provide the parents with resource information for treatment and intervention, including child advocacy centers, assault and abuse services, or family counseling centers.

c. Parents of an intact family case decline the treatment referral for their child who is not a ward of the Department and under the age of 13. Children ages 13 and older can consent to the treatment referral. When treatment services are declined, the caseworker shall monitor the child’s safety in accordance with the Child Endangerment Risk Assessment Protocol. When appropriate, the caseworker should continue to encourage the family to accept a referral for treatment.

VI. SERVICE REFERRAL PROCEDURE

1. Department and POS caseworkers and their supervisors are responsible for referring child victims of sexual abuse for specialized therapeutic services within ten working days after receipt of the CFS 1440.

2. All treatment referrals are to be made by the caseworker using the CFS 603, Sexual Abuse Treatment Referral form (Attachment I).

3. Child victims of sexual abuse must be referred to qualified treatment providers with clinical experience in the field of child sexual abuse. The attached list of treatment providers (Attachment II) is not definitive. Caseworker questions concerning the use of providers in their area not identified in Attachment II should be directed to his/her immediate supervisor or the regional Clinical Services Manager.

4. The supervisor’s signature approval is required on the CFS 603 before the caseworker establishes the first appointment for the client with the qualified provider identified in Section I of the form.
5. Within ten working days of receipt of the CFS 1440, Department and POS caseworkers shall forward a copy of the completed CFS 603 to the following persons:

   • Treatment Provider
   • Clinical Services Coordinator
   • Susan Netznik
     DCFS – Division of Clinical Services
     406 East Monroe Street, Station #222
     Springfield, IL 62701
     Phone: 217/524-3697
     FAX: 217/524-3241

VII. DEFLECTED TREATMENT REFERRALS

1. Caseworkers shall complete Section II of the CFS 603 when the caseworker determines that a referral for treatment services is not required or appropriate (e.g., child is under the age of four, child has functional impairments which preclude participation in treatment).

2. The caseworker shall obtain the approval and signature from his/her regional Clinical Services Manager as well as his/her immediate supervisor on the CFS 603.

3. The caseworker shall forward the completed CFS 603 to Susan Netznik within ten working days of receipt of the CFS 1440.

   NOTE: Children cannot be deflected from treatment without the approval of the caseworker’s immediate supervisor and the regional Clinical Services Manager.

VIII. CASE MONITORING AND OVERSIGHT

Department and POS supervisors are responsible for assuring that child victims of sexual abuse are referred for and receive treatment in accordance with this policy guide, as well as performing case oversight and monitoring functions. Supervisory approval is required for any planned change of providers, changes in services or termination. The reason(s) for any change in the child’s treatment plan must be clinically sound and clearly documented in the child’s case record.

The Clinical Services Manager or his/her designee will provide case consultation at the request of the Department or POS supervisor, or when there are concerns/questions about services or treatment goal progress. Clinical Services Managers may review case records and/or request a telephone conference or staffing on behalf of any child receiving treatment services for sexual abuse.
IX. STANDARDS OF SERVICE

The Department of Children and Family Services is committed to providing therapeutic services that represent best practice to child victims of sexual abuse. Services must meet the following criteria in order to achieve this goal:

- Therapeutic treatment determinations must be individualized to the child’s age and gender.
- Treatment plans must emphasize the child’s strengths rather than weaknesses.
- Therapeutic treatment services must be focused and time-limited.

Children who have been sexually or physically abused over extended periods of time, or who have suffered physical trauma from abuse, or have been traumatized by domestic violence typically require longer-term treatment. Services for these children shall continue until established treatment goals have been achieved.

Standards of intervention for child victims of sexual abuse will be developed by the Department with input from the provider community to ensure that these children receive clinically sound services. These standards will be used to establish a clinical protocol for treatment as well as certification requirements for providers. Department and POS staff will receive training on the requirements in the standards for treatment and intervention with sexually abused children.

Questions regarding referrals or services for child victims of sexual abuse should be directed to Susan Netznik, 217/524-3697.

X. CASE TRACKING

The CFS 603, Sexual Abuse Treatment Referral form, will be used by the Division of Clinical Services to develop a monthly tracking report which will list all children identified as victims of sexual abuse, agencies providing treatment services, and referral and initiation of treatment dates. Dispositional information for children deflected from treatment and the reason(s) for the deflection shall also be included in the monthly tracking report. Monthly tracking reports will be sent to Regional Administrators, Clinical Services Managers, DCP managers and supervisors and Agency Performance monitors.

XI. ATTACHMENTS

The following items are attached to this policy guide:

- Attachment I, CFS 603, Sexual Abuse Treatment Referral form
- Attachment II, Treatment Providers
XII. FILING INSTRUCTIONS

This policy guide is to be filed with Procedures 302, Subpart C, Section 302.320 (Counseling or Casework Services).
Attachment I
State of Illinois
Department of Children and Family Services
SEXUAL ABUSE TREATMENT REFERRAL

Date: ____________________                SCR/UIR #: ____________________
Child’s Name: ______________________    Age: _____    DOB: ___/___/___    Race: _____    Sex: _____
I.D. #: ___________________________  Region: _______________  Team #: _______________  POS Agency: _______________

Section I  Child Referred For Treatment Services

The above referenced child was referred for treatment of sexual abuse on ___/___/____.
Date of first appointment ___/___/____.

Name of treatment provider:
Address:

Phone:

Supervisor’s Signature ___________________________    Date: ____________________
Caseworker’s Signature ___________________________    Date: ____________________

Section II  Child Not Referred For Treatment Services

A supervisory review of the available information and reports concluded that a referral for treatment of sexual abuse for
the above referenced child is unnecessary or inappropriate for the following reason(s)

Caseworker’s Signature ___________________________    Date: ____________________
Supervisor’s Signature ___________________________    Date: ____________________
Clinical Services Manager’s Signature ___________________________   Date: ____________________

This form is to be submitted to Susan Netznik, Department of Children and Family Services, 406 East Monroe
Street, Station #222, Springfield, IL 62701

Distribution by caseworker:
Treatment Provider
Clinical Services Coordinator
Susan Netzik
