Dr. Kimberly Mann will be attending. From our recommendations sheet:

As a system of care committee, we discuss our unique role in the community not only through the EBI practice pilot interventions, but the overall direction of FFPSA. Below for a summary of what we discussed to date. At the committee meeting last month, we discussed the need to consider prevention—what we can do before a family/child comes into the system and earlier interventions as well as what is the vision by DCFS for FFPSA in the community. Family First (FFPSA) through the system of care principles and community impact is a focus at SOC, in particular, the prevention/intervention (not congregate care) side of FFPSA. We have several members who’s agencies are implementing EBI models in pilot projects which allows practice discussions, feedback and other agencies benefiting from hearing about those efforts. We have identified/discussed referral, engagement, staff qualification factors and eligibility issues related to Medicaid billing expectations, potential pitfalls with IV-E/Medicaid billing overlap, mismatches between the model/training and ages or client needs as well as with older youth, concerns about how does FFPSA fits into Integrated homes/wrap around? We identified the need for providers to use the FFPSA Friday meeting to bring up issues so that early

discussions and practice input can take place before have major issues arise....need on-going provider input. SOC membership represents a good cross section of agencies which are involved in the EBI model pilot implementation and many members with knowledge about services in the community, Medicaid, and Integrated Health Homes that may impact FFPSA.

4. **Managed Care Organizations:** YouthCare updates and progress (Shawnte Alexander YouthCare, Traneeka Mitchell, the Director of CSMDT will attend)

 - b. YouthCare “crisis support” with MCR/SASS (CSMDT?)
 - c. Any MCOs updates on the IM-CANS? From March meeting: Is access to MHS/IMCANS by YC if a problem re: compliance monitoring

5. **Medicaid, Integrated Health Homes (IHH) and 1915i** (Kristine Herman from HFS, ICOY and CBHA)
 - a. **IMCANS/CANs 2.0 issues**
 - a. Any updates addressing the duplication/double entering?
 - b. From last month RE: the Master client record and accessing the IM-CANS: youth in care clients who will have several providers delivering clinical services (different/multiple NPI numbers including within an agency). Confusion on how to change it: a DCFS consent process—maybe get from HFS, and once we have a consent—where does it go and how is the system opened? What if the client refuses to sign? The consent expires in 1 yr—what does means?
 1. Discuss printing issues with the IM-CANS (50 pages, cuts off parts)
