## ENVIRONMENTAL REVIEWS COMPLETED

Project reviews completed from June 15 to July 15 are listed below. These projects have been screened through the internal environmental review process for potential impacts on wetlands, threatened and endangered species, and cultural and archaeological resources, etc. Through the review process it was determined that environmental impacts have been kept to a minimum and mitigated as necessary, that they do not meet the criteria for significant actions as defined in the environmental review process, and may proceed. All of these projects are in compliance with the Endangered Species Protection Act, Natural Areas Preservation Act, Interagency Wetlands Policy Act and cultural resource statutes.

- **I&M Canal State Trail**

1108803 - This project involves adding a new road and rail spur crossing of the I&M Canal. The project will also install 3 new 12" pipes under the canal by directional bore. Project was submitted for review on 2-22-11.
