ENVIRONMENTAL REVIEWS COMPLETED

Project reviews completed from September 15 to October 15 are listed below. These projects have been screened through the internal environmental review process for potential impacts on wetlands, threatened and endangered species, and cultural and archaeological resources, etc. Through the review process it was determined that environmental impacts have been kept to a minimum and mitigated as necessary, that they do not meet the criteria for significant actions as defined in the environmental review process, and may proceed. All of these projects are in compliance with the Endangered Species Protection Act, Natural Areas Preservation Act, Interagency Wetlands Policy Act and cultural resource statutes.

- **Volo Bog State Natural Area**

1100486 - This project involves replacing severely deteriorated stationary docks and wooden plankways for a portion of the Volo Bog Interpretive Trail. Floating docks in a small farm pond near the bog will also be replaced. Project was submitted for review on 7-15-10.

- **Carlyle Wildlife Management Area**

1203592 - This project involves removal of a very large debris pile that has formed on the upstream side of a bridge located over Wildcat Ditch. Project was submitted for review on 9-26-11.

- **Siloam Springs State Park**

1203582 - This project involves the addition of two wells to be added under the existing lease. Project was submitted for review on 9-26-11.

Questions and Comments

All questions and comments about the environmental review process or this newsletter should be directed to:

Illinois Department of Natural Resources
