

## ENVIRONMENTAL REVIEWS COMPLETED

Project reviews completed from August 15 to September 15 are listed below. These projects have been screened through the internal environmental review process for potential impacts on wetlands, threatened and endangered species, and cultural and archaeological resources, etc. Through the review process it was determined that environmental impacts have been kept to a minimum and mitigated as necessary, that they do not meet the criteria for significant actions as defined in the environmental review process, and may proceed. All of these projects are in compliance with the Endangered Species Protection Act, Natural Areas Preservation Act, Interagency Wetlands Policy Act and cultural resource statutes.

- **Marshall State Fish & Wildlife Area**

1607516 - This project involves replacement and repair of the water control structure gate and frame assembly, which was damaged by ice and is no longer operable. Project was submitted for review on 2-17-16.

- **Marshall State Fish & Wildlife Area**

1701898 - This project involves construction of an osprey nest platform. Project was submitted for review on 8-22-16.

- **Beaver Dam State Park**

1702192 - This project involves repairs to roofs on 4 shelters and 6 vault toilets. Project was submitted for review on 8-26-16.

- **Giant City State Park**

1701936 - This project involves regrading of the right of way ditch slopes to allow routine maintenance. Project was submitted for review on 7-22-16.
