Vol. 31, No.3

ENVIRONMENTAL REVIEWS COMPLETED

Project reviews completed from August 16 to September 15 are listed below. These projects have been screened through the internal environmental review process for potential impacts on wetlands, threatened and endangered species, and cultural and archaeological resources, etc. Through the review process it was determined that environmental impacts have been kept to a minimum and mitigated as necessary, that they do not meet the criteria for significant actions as defined in the environmental review process, and may proceed. All these projects are in compliance with the Endangered Species Protection Act, Natural Areas Preservation Act, Interagency Wetlands Policy Act and cultural resource statutes.

• **Double T State Fish and Wildlife Area**

2202495—This project will aerielly spray Phragmites at the site to promote waterfowl and other wetland species. Project originally submitted for review on 8-12-2021.

• **DePue State Fish and Wildlife Area**

2200873—This project will remove sediment from the pump station intake channel and stockpile it upland for subsequent management. Project originally submitted for review on 7-21-2021.

• **Cahokia Mounds State Historic Site**

2114090—This project will remove two shelters, two playground components, and one vault toilet. Project originally submitted for review on 5-26-2021.

• **Wild Bill Hickok State Memorial**

2202669—This project will install a historical marker at the site. Project originally submitted for review on 8-16-2021.

• **Spring Lake State Fish and Wildlife Area**

2202485—This project will aerielly spray Phragmites at the site to promote waterfowl and other wetland species. Project originally submitted for review on 8-12-2021.

• **DesPlaines Game Farm**

2203229—This project will permit BP to replace a gate across their access lane at the site. Project originally submitted for review on 8-24-2021.

• **Buffalo Rock State Park**

2202548—This project will replace the roof at the site residence. Project originally submitted for review on 8-12-2021.

• **Frank Holten State Park**

2203346—This project will install three flagpoles at the entrance to the site. Project originally submitted for review on 8-25-2021.

• **Marshall State Fish and Wildlife Area**

2202915—This project will aerielly spray Phragmites at the site to promote waterfowl and other wetland species. Project originally submitted for review on 8-19-2021.

• **Argyle Lake State Park**

2203412—This project permits the Illinois Geologic Survey to conduct soil borings for research at the site. Project originally submitted for review on 8-25-2021.

• **Woodford State Fish and Wildlife Area**

2202670—This project will aerielly spray Phragmites and invasive tree species at the site to promote waterfowl and other wetland species. Project originally submitted for review on 8-16-2021.

• **Banner Marsh State Fish and Wildlife Area**

2202494—This project will aerielly spray Phragmites and invasive tree species at the site to promote waterfowl and other wetland species. Project originally submitted for review on 8-12-2021.

• **Channahon State Park**

2114834—This project will clean and shape a ditch that is not draining properly. Project originally submitted for review on 6-15-2021.

• **Goose Lake State Park, Heidecke Lake**

2200372—This project permits Kinder Morgan to install natural gas pipeline infrastructure on their ROW at the site. Project originally submitted for review on 7-09-2021.

- **Mississippi Palisades State Park**

2202477—This project will provide improvements to the aging sanitary infrastructure near the main campground. Project most recently submitted for review on 8-12-2021.

- **Des Plaines State Fish and Wildlife Area**

1605239—This project will replace two storage buildings at the site. Project most recently submitted for review on 8-31-2021.

- **Lincoln Tomb State Historic Site**

2200294—This project will complete stone granite repairs, cleaning, and replacement of the fluid applied roofing system at the South Deck and copper roofing replacements. Project originally submitted for review on 7-08-2021.

- **Sangchris Lake State Park**

2203588—This project proposes to determine the source of a leak after the newly installed 4" waterline to the shower building at the Hickory Point Campground. Project originally submitted for review on 8-27-2021.

- **Bishop Hill**

2203186—This project will replace the damaged restroom building roof assembly. Project originally submitted for review on 8-24-2021.

- **Lincoln New Salem State Historic Site**

2204415—This project will re-paint the building and remove and replace old glaze caulking compound. Project originally submitted for review on 9-07-2021.

- **Lincoln Tomb State Historic Site**

2204404—This project will perform exploratory excavation to determine the location of a sanitary sewer line leak. Project originally submitted for review on 9-07-2021.

- **Illinois Beach State Park**

2201751—This project will permit the Illinois State Geological Survey to conduct bathymetric monitoring and associated research nearshore at the site. Project originally submitted for review on 8-03-2021.

- **Horseshoe Lake State Park (Madison)**
