Vol. 32, No.3

## ENVIRONMENTAL REVIEWS COMPLETED

Project reviews completed from August 16 to September 15 are listed below. These projects have been screened through the internal environmental review process for potential impacts on wetlands, threatened and endangered species, and cultural and archaeological resources, etc. Through the review process it was determined that environmental impacts have been kept to a minimum and mitigated as necessary, that they do not meet the criteria for significant actions as defined in the environmental review process, and may proceed. All these projects are in compliance with the Endangered Species Protection Act, Natural Areas Preservation Act, Interagency Wetlands Policy Act and cultural resource statutes.

- **Rock Island State Trail**

2302783—This project proposes to install a tribute bench at the site. Project originally submitted for review on 8-16-2022.

- **Pere Marquette State Park**

1808574—This project proposes to replace the Equestrian Concession pedestrian bridge with a pre-fabricated concrete deck. Project most recently submitted for review on 8-18-2022.
