

Pere Marquette SP Bald Eagle Days

Have you ever seen our national bird, the bald eagle? Soaring on a 6 to 7.5 foot wing span, these birds are magnificent!

It is not necessary to travel all the way to Canada to see these fabulous creatures. Pere Marquette State Park is fortunate to play host to these seasonal visitors. Eagles may be spotted in the tree tops along the Illinois River in the months of December, January, February and March.

FREE! Guided Programs

Pere Marquette State Park will be presenting informative programs about bald eagles this winter! Visitors will learn to distinguish between immature and mature bald eagles, what eagles eat, why they spend winter months in the area, and much more.

All programs will begin at the park's visitor center at 8:30 A.M. There will be a video presentation and program followed by an observational drive to view the overwintering bald eagles. Tours usually conclude around 4pm at the Visitor Center

WHAT TO BRING

- Dress for weather
- water-proof boots are highly recommended
- FULL tank of gas
- Binoculars
- Snacks/coffee

Schedule

RESERVATIONS REQUIRED

Reservations begin November 15th
