Statement from IDNR Director Marc Miller on the Selection of John Goss as Federal Asian carp Director

“The Illinois Department of Natural Resources applauds the selection of John Goss as the new Federal Asian Carp Director and welcomes his knowledge and fresh perspective. The creation of this position further demonstrates that the Asian carp issue is not just a challenge for Illinois but the entire nation. As a former DNR Director in Indiana, John’s knowledge of natural resources and background in government is welcomed by Illinois and other states. The IDNR looks forward to working with Mr. Goss in our continued efforts to keep Asian carp from establishing a self-sustaining population in the Great Lakes,” said Illinois Department of Natural Resources Director Marc Miller.
