Timber Prices ...

Thanks to all of the Mills, Timber Buyers, Foresters and others who report their actual prices twice a year on the IDNR Forestry Division Survey.

Due out this month (March 2017) are the Summer 2016 prices. This Timber Price Report (Summer 2016) —as all reports are — will be published by the Illinois DNR Division of Forest Resources and posted by various forestry partners such as the University of Illinois Extension Service, the Illinois Forestry Association and the IDNR.

The Division is now sending surveys out for the period of November through February to collect actual price data and summarize actual sales for Winter 16/17.

Buy, Sell and Saw Illinois Wood!

March 2017 Abbreviated Wooden Dollars:

This March 2017 Wooden Dollars is an abbreviated Issue to assure that time sensitive timber sales were posted by the scheduled release date.

Please look for more article and information in the April 2017 Issue -

Thank you for reading.

Wooden Dollars Monthly

is published on the first of each month by Illinois Division of Forest Resources to provide woodland owners market outlets for forest products, to protect and sustain the woodland resources of Illinois, and help supply industry with information and raw materials—all for the benefit of society. This document is a PDF available electronically and posted on the IDNR Forest Resources website.

Policy Statements:

Illinois forests and woodlands are critical to the citizens of Illinois and globally far beyond the singular value of wood and fiber production. The Division of Forest Resources integrates and requires on state land and cooperating private lands that important other concerns of soil, water, wildlife, habitats, recreation, aesthetics and cultural resources are addressed while growing, harvesting and regenerating forests. We advocate and outreach forest management principles to all Illinois forest owners.

Demands on Illinois forest resource for all goods and services the forest can provide continue to increase while nearly 90% of Illinois forests remain privately owned. To conserve, enhance and expand the benefits and critical function of Illinois forests it is necessary that forest landowners, government agencies, forest industry and citizens at large work together.

Equal opportunity to participate in programs of the Illinois Department of Natural Resources and those funded by the U.S. D.A. and other agencies is available to every individual regardless of race, sex, national origin, disability, age, religion, or other non-merit factors. Marked Timber: Stumpage For Sale

This newsletter is posted on the IDNR Forest Resources website monthly. Deadline for each monthly issue is the third Thursday of the month prior. All submissions of marked timber for sale by consulting foresters, procurement foresters or others must be submitted by the second Thursday. Submissions by consulting foresters working with IFDA cooperators must adhere to the timber recommendations approved in the landowner's written management plan. Foresters working with landowners at-large must adhere to recommended silviculture for Illinois forest types. Submissions may be sent US Mail to "ORC-Forestry" at our Springfield office or by email to paul.deizman@illinois.gov.

The following **two sales** were marked for cutting by a forester of the Illinois Division of Forest Resources or was marked by a consulting forester or similar professional and reviewed by the Illinois Division of Forest Resources. Volumes have been estimated using the Doyle Rule unless otherwise indicated. Deductions have been made for defects. No volume is tallied for culls. Any interested buyers should contact the landowner or their representative directly. The Illinois Division of Forest Resources does not establish the selling price of timber. Buyers must show proof they are currently licensed or an agent of a licensee under the Illinois Timber Buyers License.

Invitation to Bid – Bouton Timber– Due March 24, 2017

Please be advised that the following marked timber is being offered for sale. The property is located South of Rockford. A road map and aerial photo / harvest map are included in the invitation.

The trees being offered for sale are marked and with **ORANGE MARKINGS**. Trees with **Slashes or "X" Marks** are considered "cull" and no volume has been added for these trees. All trees have one mark at the base of the tree to be left after the tree has been cut and removed. I believe that there are several high quality walnut trees included in this sale. A complete tally of the tree diameter and volume is included on the second page of this report.
