Waterfowl Blind Drawing Update

The Illinois Department of Natural Resources is working to find solutions to safeguard the health and safety of waterfowl hunters while also honoring the tradition of the state’s waterfowl blind drawings.

After reviewing state law, the Department has decided to postpone waterfowl blind drawings, moving both the three-year and single-year drawings to August. IDNR will continue to work closely with the Governor’s Office and the Illinois Department of Public Health to monitor the situation, reassessing throughout the summer.
