FIVE STEPS TO BECOME AN IDNR VOLUNTEER

First of all, Thank You for your interest in becoming an IDNR Volunteer!

#1 Check the **Volunteer Projects Directory**. It offers information about our programs, positions and geographic location of volunteer opportunities. Look through the Directory to choose a volunteer opportunity for you in the area where you live or want to volunteer.

#2 Contact the IDNR staff person designated for the program or position listed in the Directory to determine if there is a volunteer opportunity available. Schedule a time to meet with the IDNR staff person. You will be assigned a Volunteer Supervisor who will be there for questions, concerns and anything else that may help you perform your volunteer duties.

#3 Complete Volunteer Paperwork: Application; Job Description/Waiver; and Vehicle Authorization form, if applicable. You will be given a written Job Description and the duties stated in the Job Description are the only volunteer duties that you should perform.

#4 Read and print the **IDNR Volunteer Handbook**. This is your Handbook and it will give you all the information you need to know about serving as an IDNR Volunteer.

#5 Keep track of your volunteer hours. This is important for insurance, reporting and recognition reasons. Turn in your hours to your Volunteer Supervisor frequently, preferably after you volunteer or on a monthly basis if you are a returning volunteer.

Thank you for joining our team of volunteers who share their love of nature, their time, and their dedication to conservation. If you need additional information on the Volunteer Program, please email Dianne Blasa, IDNR *Volunteer Network Program Manager* at dnr.volunteers@illinois.gov.
