The State determines whether the Bidder is a “Responsible” bidder; a bidder with whom the State can or should do business. For example, the State may consider the following:

A.19.2.1. No person or business shall submit specifications to a State agency unless requested to do so by an employee of the State. No person or business that contracts with a State agency to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

Nothing herein is intended to prohibit a vendor from bidding or offering to supply developing technology, goods or services after providing the State with a demonstration of the developing technology, goods, or services; provided the subject of the demonstration to the State represents industry trends and innovation and is not specifically designed to meet the State's needs. Nothing herein is intended to prohibit a person or business from submitting a bid or offer or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices and, if applicable, that communication is documented in accordance with Section 50-39 of the Illinois Procurement Code or (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies.

A.19.2.2. Other factors that the State may evaluate to determine Responsibility include, but are not limited to: political contributions, certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance in business or industry, references (including those found outside the Offer,) compliance with applicable laws, financial

responsibility, insurability, effective equal opportunity compliance, payment of prevailing wages if required by law, capacity to produce or sources of supply, and the ability to provide required maintenance service or other matters relating to the Bidder's ability to deliver in the quality and quantity within the time and price as specified in this solicitation.

A.19.2.3. Awarded Bidders must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. The State may require a performance bond if, in the opinion of the State, it ensures performance of the contract. The State may terminate the contract, consistent with the termination for cause provision of the contract, if the vendor lacks the financial resources to perform under the contract.

A.19.2.4. The State may require that a Bidder correct any deficiencies as a condition of further evaluation.

A.19.3. **PRICE:** The State identifies the **highest** priced Bidder that meets Responsibility and Responsiveness requirements. The State ranks Bids in order of price when appropriate.

A.20 MINORITIES, FEMALES, AND PERSONS WITH DISABILITIES PARTICIPATION AND UTILIZATION PLAN: This solicitation may contain a goal to include businesses owned and controlled by minorities, females, and persons with disabilities in the State's procurement and contracting processes. If the solicitation contains a goal, then failure to submit a Utilization Plan as instructed later in this solicitation may render the Bid non-responsive. 1. DESCRIPTION OF SUPPLIES AND SERVICES

1.1. **GOAL:** Farm Lease Contract (“Lease”) between Vendor and the Illinois Department of Natural Resources (IDNR) for the purpose of a land management program on the following described land, in a manner consistent with the Agency’s policies. Land is located in Stephenson County, Township 27 North, Range 6 East, Section 35, 3rd P.M further described in Attachment AA. Farm leasing of approximately 111.2 acres in 2016, 2017, 2018, and 2019 of land at Lake Le-Aqua-Na State Park/Dublin Highlands H.A. for agricultural purposes.

1.2. **SUPPLIES AND/OR SERVICES REQUIRED:** Many Department of Natural Resources owned or managed lands contain tillable acreage. These lands have the potential to generate revenue if used to grow agricultural products. It is the Department’s policy to minimize the use of such lands for agricultural production in favor of establishing annual or permanent wildlife habitats. However, the Department also recognizes that certain agricultural practices and farm income can provide needed resources for wildlife habitat, improving habitat diversity, developing cover and edge effect, and maintaining annual vegetative stages. The Agency requires services to perform agricultural farming services. See Attachment BB for cropping plan, field numbers, crop and acreage per field.

1.3. MILESTONES AND DELIVERABLES:

1.3.1. Lessee shall guarantee lease payment by submitting one of the following each year:

1.3.1.1 Prepaying the full amount of rent within thirty (30) days after contract execution and must be submitted prior to March 1st every year thereafter during the term of the lease. **Failure to do so shall subject this Lease to immediate termination.**

1.3.1.2 Providing an irrevocable letter of credit (Attachment DD) to guarantee payment of the lease. **The irrevocable letter of credit must be submitted within thirty (30) days after contract execution and must be submitted prior to March 1st every year thereafter during the term of this Lease. Failure to do so shall subject this Lease to immediate termination.**

- 1.3.2. Lessee also agrees to pay all leasehold taxes on the leased lands during the lease term. Failure to do so shall subject the lease to immediate termination. Lessee shall provide a copy of the paid leasehold tax receipt for each year of the Lease by **December 15th** of the year in which the taxes were paid. The obligations of this Paragraph shall survive the expiration or earlier termination of the term of this Lease. Lessee shall guarantee payment of property taxes each year by one of the following:
- 1.3.2.1 Providing a cashier's check or money order made out to the county treasurer of the county where the lease is located. The cashier's check or money order will be returned to the Vendor after proof that the taxes have been paid.

- 1.3.5. Lessee shall notify the Site Superintendent prior to all planting and harvesting of crops. All crops shall be harvested and removed from the field by **November 1st** unless otherwise agreed to in writing by both parties or unless the Agency determines that adverse weather prohibits harvesting by **November 1st**. **No fall plowing will be permitted without the Site Superintendent's written approval.**
- 1.3.6. Maintenance fertilizer is required per soil tests on all crop fields **annually** by the Vendor. Maintenance levels for each crop are to be maintained and determined using Illinois Agronomy Handbook, Chapter 8, (<http://extension.cropsci.illinois.edu/handbook/>) (Attachment GG).
