This competitive process requires that you provide additional information and otherwise cooperate with us. If you do not comply with requests for information and cooperate, we may reject your Offer.

1.10 GOVERNING LAW AND FORUM: Illinois law and rule govern this solicitation and any resulting contract. You must bring any action relating to this solicitation or any resulting contract in the appropriate court in Illinois. We do not allow binding arbitration. This document contains statutory references designated with "ILCS". You may view the full text at <http://www.ilga.gov/legislation/ilcs/ilcs.asp>. The Illinois Procurement Code (30 ILCS 500) and the Standard Procurement Rules (44 Ill. Adm. Code 1) are applicable to this solicitation.

SECTION 2 - HOW WE WILL EVALUATE OFFERS

2.1 OFFER RESPONSE FORMS: We will evaluate the information you provide in the Offer Response Forms. You will find these forms in later sections of this solicitation.

2.2 EVALUATION CATEGORIES: We evaluate four categories of information: Administrative Compliance, Responsibility, Responsiveness, and Price. We will consider the information you supply or don't supply, and the quality of that information when evaluating your Offer. If we find a failure or deficiency, we may have to reject the Offer or reflect that in the evaluation.

2.2.1 ADMINISTRATIVE COMPLIANCE: We will determine whether your Offer complied with the Instructions for Submitting Offers. Except for late submissions, we may require that a Vendor correct deficiencies as a condition of further evaluation.

2.2.2 RESPONSIBILITY: We will determine whether you are a "Responsible" Vendor; a Vendor with whom we can or should do business.

- i. A "Responsible" vendor must exist as a legal entity and must be authorized to do business in Illinois at the time a bid or proposal is submitted for a State contract. Evidence of good standing can include Certificate of Good Standing, copy of assumed name certificate from home county, etc.
- ii. Public Law 96-0795 provides that a "prohibited bidder" includes a person assisting the State of Illinois or a State agency in determining whether there is a need for contract unless such information was part of a response to a publicly issued request for information (RFI). Additionally, one assisting the State by reviewing, drafting or preparing a request for proposals or request for information or provided similar assistance is deemed a prohibited bidder. See certifications section of the Contract for the required certifications prior to entering into a contract with the State of Illinois.
- iii. Other factors that we may evaluate to determine Responsibility include, but are not limited to: certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance, references (including those found outside the Offer,) compliance with applicable laws, financial stability and the perceived ability to perform completely as specified. Every bid submitted to and contract executed by the State and every subcontract subject to Section 20-120 of the Procurement Code shall contain a certification by the bidder, contractor, or subcontractor, respectively, that the bidder, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer shall declare the related contract void if any of the certifications are false.

You must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. The State may terminate the Contract, consistent with the termination for cause provision of this Contract, if the Vendor lacks the financial resources to perform under the Contract. We may require that a Vendor correct any deficiencies as a condition of further evaluation.

2.2.3 RESPONSIVENESS: We will determine whether the Offer meets the stated requirements. Minor differences or deviations that have negligible impact on the price or suitability of the supply or service to meet the State's needs may be accepted or corrections allowed. If no administratively compliant and responsible Vendor meets a particular requirement, we may waive that requirement.

2.2.4 PRICE: We will identify the highest priced Offer that meets Administrative, Responsibility and Responsiveness requirements. We will rank lump sum bids from highest to lowest.

2.3 AWARD: We will award to the Responsible Vendor whose Offer passes Administrative review, is Responsive, and who submits the highest Price.

SECTION 3 - STATEMENT OF WORK / SPECIFICATIONS / QUALIFICATIONS

3.1 The supplies and/or services required, reporting requirements, Vendor and staff requirements, work location, contract term, and other specifications are set forth in the body of the Contract following Section 8 of the solicitation. Section 8 identifies the requirements for completing the Contract as your offer to us.

3.2 **SUBCONTRACTORS:** Subcontractors may be utilized if pre-approved by the Department of Natural Resources.

Vendor shall submit a subcontractor plan detailing a description of the work to be performed by the subcontractor and the anticipated amount of money to the extent the information is known that each subcontractor is expected to receive pursuant to the Contract. For purposes of this section, subcontractors are those specifically hired to provide to the Vendor some or all of the goods, services, property, remuneration, or other forms of consideration that are the subject of this Contract. If at any time during the term of the Contract, Vendor wishes to add or change any subcontractors, Vendor shall promptly submit such requests to the Department.

1. **TERM AND TERMINATION**

1.1 **TERM OF THIS CONTRACT:** This contract shall commence upon the last dated signature of the Parties and shall terminate April 15, 2013.

1.2 **TERMINATION FOR CAUSE:** The State may terminate this contract, in whole or in part, immediately upon notice to the Vendor if: (a) the State determines that the actions or inactions of the Vendor, its agents, employees or subcontractors have caused, or reasonably could cause, jeopardy to health, safety, or property, or (b) the Vendor has notified the State that it is unable or unwilling to perform the contract.

If Vendor fails to perform to the State's satisfaction any material requirement of this contract, is in violation of a material provision of this contract, or the State determines that the Vendor lacks the financial resources to perform the contract, the State shall provide written notice to the Vendor to cure the problem identified within the period of time specified in the State's written notice. If not cured by that date the State may either: (a) immediately terminate the contract without additional written notice or (b) enforce the terms and conditions of the contract.

For termination due to any of the causes contained in this Section, the State retains its rights to seek any available legal or equitable remedies and damages.

1.3 **TERMINATION FOR CONVENIENCE:** The State may, for its convenience and with 30 days prior written notice to Vendor, terminate this contract in whole or in part and without payment of any penalty or incurring any further obligation to the Vendor.

2. DESCRIPTION OF SUPPLIES AND SERVICES

2.1 **GOAL:** To utilize the knowledge and expertise of the Vendor to commercially thin approximately 162 acres of 40 - 50 year old tree plantations of pine species at Hidden Springs State Forest in Prairie and Clarksburg Townships, Shelby County. The Department of Natural Resources seeks to improve forest health and forest stand vigor by reducing tree densities to levels that will maximize growth at optimum stocking conditions for the size and species of trees present, maintain white pine stocking levels to rotation age of 90 years, and convert stands to an oak-hickory forest type.

2.2 **SUPPLIES AND/OR SERVICES REQUIRED:** Currently, the areas requiring thinning contain 40 -50 year old pine plantings, predominantly white pine species. Compartment stocking levels range from 80 – 170 square feet of basal area [BA] per acre with average tree diameters from 8" – 15" [dbh]. Scotch and red pine occur in very small percentages. The total volume estimate is 21 cords or 49 tons per acre. There are moderate infestation levels, and various sizes of bush-honeysuckle occur in the understory.

Silvicultural prescription is the term used to mean the written directions that direct the treatment and removal of trees during a timber harvest or other cultural treatment operation.

Silvicultural Prescription

2.2.1 This prescription shall be conducted on designated areas in Township 10N, Range 5E, Sections 5-7-8-18 and Township 10N, Range 4E, Sections 13-14-23-24, Shelby County per the attached maps and compartment information.

2.2.2 Vendor shall remove all red and scotch pine. Vendor shall remove approximately 1/3 rd of the white pine to a residual stocking level of no less than 100 square feet of BA/acre. Tree selection will be made using the following individual tree characteristics:

<u>Retain</u>	<u>Remove</u>
Dominant crowns	Co-dominant; intermediate; suppressed crowns
Trees with good crown ratios	Trees with poor crown ratios
Single stemmed trees	Multiple stems

Hardwood tree species in the under story will be removed except for black walnut and oak species.

2.2.3 Row spacing and subsequent equipment access is variable. Removals will be based on individual tree selection whenever possible. When access to the stand is limited due to narrow row spacing individual row thinning will be implemented. When a row is removed, individual tree selection in adjacent rows will be applied in order to reach and maintain the stated stocking goals of the residual stand. Slash shall not exceed 36 inches in height. Trees are to be utilized down to a 4 inch diameter top [d.i.b.] Stump heights will not exceed 12 inches above ground level. The maximum log length allowed for skidding is 16 feet.

Protection and Restoration of Property/Resources

2.2.4 The Vendor must take precautions to protect any and all structures (buildings, toilets, shelters, etc.), fixtures (water hydrants, camper posts, signage, etc.) and other amenities from damage due to its tree cutting operation. If any damages are incurred from the Vendor's operations to any properties outside of the project limits as shown on the maps provided, the Vendor shall be responsible for all repairs required to restore the damaged areas to their original condition regardless of the property involved.

2.2.5 Vendor shall maintain all established roads, trails, and firebreaks within the State Forest Area in as good or better condition than they were at the start of the tree harvest operation. Vendor shall not block public roads.

2.2.6 Vendor shall conduct harvesting operations so as to protect the nests and nesting habitat of resident breeding birds during their nesting season [April 1st – August 31st].

2.2.7 The Vendor shall discontinue all operations at the direction of the Department when site conditions warrant.

2.2.8 The project area designated herein shall be open at all times for inspection by the Department and shall be posted as closed to all other public uses during the term of the contract.

2.2.9 Any deviations from the limits of the maps or requirements specified herein shall only be done with written approval of the Regional Forester.
