Subtotal								
All Regions Combined								
		Ducks			Geese			
Area	Survey Date	Dabblers	Divers	Subtotal	Canada Geese	Snow Geese	White-Fronted Geese	Subtotal
Total								

Data are summarized so each month consists of 4 periods of approximately 8 days each. Occasionally two surveys are conducted within the same 8 day period, in those instances, the average of the two surveys are presented here. Each area is not surveyed weekly, resulting in higher or lower totals for some weeks. Individual sites included on more than one survey will only be included in one area summary table, not double counted.
