Instructions for Determining Priority 3: Census Tract

To achieve Priority 3 (35 ILCS 31/20(a)(3)), the structure must be located in a census tract that has a median family income at or below the State median family income, using data from the most recent 5-year estimate from the American Community Survey (ACS), published by the U.S. Census Bureau. According to ACS's 2014-2018 5-year estimate, the most recent available, Illinois' median family income is **\$79,747**. Therefore, to qualify for Priority 3 for application Rounds 1 and 2, 2020, buildings must be within a census tract whose median family income is at or below \$79,747. To assert Priority 3, you must follow the steps outlined below and submit the results with part S-3 of your application.

Step A. Determine your census tract.

1. Go to the Census Geocoder Address Lookup webpage at <https://geocoding.geo.census.gov/geocoder/geographies/address?form>
2. Enter the address of the property, then click "Find". Make sure to enter all four address fields to receive accurate results.

The screenshot shows the 'Find Address Results' form on the Census Geocoder website. The form includes the following fields:

- Street : 1722 W. Homewood Ave.
- City : Springfield
- State : Illinois
- Zip : 62704
- Benchmark : Public_AR_Current
- Vintage : Current_Current

A red box highlights the Street, City, State, and Zip fields. Another red box highlights the 'FIND' button at the bottom left of the form.

3. Results will appear below. Go to the "Census Tracts" heading, and view the "Name" section. This is your census tract.

```

Census Tracts:
GEOID: 17167002801
CENTLAT: +39.7682687
AREAWATER: 0
STATE: 17
BASENAME: 28.01
OID: 20790364127764
LSADC: CT
FUNCSTAT: S
INTPTLAT: +39.7682687
NAME: Census Tract 28.01
OBJECTID: 66147
TRACT: 002801
CENTLON: -089.6725926
AREALAND: 1852095
INTPTLON: -089.6725926
MTFCC: G5020

```

A red box highlights the 'Census Tracts:' heading, and another red box highlights the 'NAME: Census Tract 28.01' line.

4. Print the webpage, and circle or highlight the name of your census tract.

Step B. Determine the median family income for your census tract.

1. Go to <https://data.census.gov/>
2. In the search bar, type "s1903" and click "Search".

- In the Advanced Filters menu under “Browse Filters”, select “Geography”. A separate “Geography” menu will appear to the right; select “Tract”. Next, select “Illinois” in the “Within State” menu. Proceed with selecting your county and the name of your census tract that you’ve identified in Step A. The selected filter (i.e., your census tract) will appear at bottom left of the Advanced Filter menu. Hide the Advanced Filter menu (top right), or click on the table in the background.

- In the updated table, locate the median income estimate for “Families,” which should be the first line under the “FAMILIES” heading. This number is the 5-year estimate median family income for your census tract. Make sure that you are in the correct table (S1903), most recent 5-year estimate (2014-2018), and in your census tract.

FAMILY INCOME BY FAMILY SIZE					

- If the number is at or below \$79,747, then your project meets Priority 3.
- If there is no value entered in the table, select earlier versions of the table from the drop down “Product” menu near the top of the table (same as step B.4). Starting with the most recent 5-year estimates table, continue to view the earlier versions in reverse chronological order until you locate a table with a median income estimate for “Families”.
- Once you find a value, compare it with a state median income estimate using the same 5-year estimate as the one used for your census tract to determine if it is higher or lower. Available previous state median income estimates are as follows:
 - \$76,533 (2017 ACS 5-year estimate)
 - \$73,714 (2016 ACS 5-year estimate)
 - \$71,546 (2015 ACS 5-year estimate)
 - \$70,967 (2014 ACS 5-year estimate)
 - \$70,344 (2013 ACS 5-year estimate)
 - \$70,144 (2012 ACS 5-year estimate)
 - \$69,658 (2011 ACS 5-year estimate)
 - \$68,236 (2010 ACS 5-year estimate)
- If you cannot locate a value for a median income estimate for “Families” in any of the table S1903 versions on data.census.gov, you cannot qualify for Priority 3 in this round. Since the 5-year estimates are updated annually, you can revisit this priority in future rounds.

To assert that your project meets Priority 3, you must **print to PDF or screen capture the Census Geocoder Lookup results (Step A) and the S1903 table with the median income estimate for families highlighted or circled (Step B)** and include them with part S-3 of your application.
