STIPULATIONS

FHWA, in coordination with the IDOT and the City of Belleville, shall ensure that the following measures are carried out:

1. The City of Belleville will replace the Cleveland Avenue Bridge with a new structure as developed in the plans prepared by the City and approved by the IDOT.
2. In accordance with the Stipulations contained in the Programmatic Agreement for the Rehabilitation and Replacement of Historic Bridges ratified by FHWA and the Illinois SHPO in April, 2004, no further recordation of structures in the same bridge type category is required when archival records of three structures have been submitted and accepted. This recordation requirement has been met for the Cleveland Avenue Bridge category, *Type 104: Concrete Tee Beam*. Demolition of the Cleveland Avenue structure may proceed upon the ratification of this agreement.
3. A suitable Type 104, Concrete Tee Beam bridge will be located and added to the Historic Bridge Survey list as a replacement for Structure No 082-6109.
