

Illinois Department of Natural Resources

One Natural Resources Way Springfield, Illinois 62702-1271
www.dnr.illinois.gov

JB Pritzker, Governor
Colleen Callahan, Director

ARCHAEOLOGICAL CONSULTANTS

This list is provided by the Illinois State Historic Preservation Office (SHPO) as a courtesy to individuals, local governments, agencies, and businesses seeking the professional assistance of consultants with the qualifications to conduct archaeological surveys, testing, and excavations in the State of Illinois. To the best of the SHPO's knowledge, these consultants meet the Secretary of the Interior's Professional Qualifications Standards for Archaeology, 36 CFR Part 61 (<https://www.nps.gov/articles/sec-standards-prof-quals.htm>). This list is not intended to be exhaustive and is limited to those entities based within Illinois or adjacent states, Indigenous-owned and/or operated entities nationwide, and entities capable of conducting underwater archaeology. This office assumes no responsibility for the accuracy of this list and does not attest to the personal or corporate qualifications of persons or entities appearing on this list. Neither the SHPO nor the Department of Natural Resources recommend consultants or require exclusive hiring of consultants from this list. Inclusion on or omission from this list is not an endorsement, sanction, or certification of that consultant by the SHPO.

- If your historic-preservation actions are required by a Memorandum of Agreement with our office or if they are receiving state or federal grants, then your consultant must meet the SOI's Professional Qualification Standards, whether or not they are on this list.
- Email requests for inclusion, accompanied by a Curriculum Vitae and a statement of how the consultant meets the Qualification Standards for Archaeology, to Jeff Kruchten at jeffery.kruchten@illinois.gov.
