Is a copy of all harassment and discrimination prevention training materials to be used in 2020 attached? If not, please submit these materials at least 8 weeks before use.	No, ISU is working to edit the training to obtain OEIG and EEC approval for the 2020 training.

A description of how initial and annual sexual harassment training of employees and officers of the UJA was delivered during 2019, including descriptions of the content covered, the materials used, and delivery modes.	<p>Illinois State (ISU) developed Mandatory Reporting training to cover various statutory requirements, including sexual harassment. Approvals for the 2019 training course have been obtained.</p> <p>ISU utilizes an online learning management system for hosting its compliance training (Ethics and Mandatory Reporting). The learning management system is interfaced with ISU's human capital management (HCM) system.</p> <p>Initial Training is called "New Hire/Return to Work" Training and notifications are generated weekly through the interface with the HCM. As employees are hired and separated they are added and removed from training on a weekly basis. If an employee was on leave during the Annual training period, upon their return to work they will be registered to complete the "New Hire/Return to Work" training. Trainings remain open until the employee completes the training or leaves the University.</p> <p>Annual Training is conducted in October of each calendar year, with a due date of October 30th. As of approximately September 27th of each year, all active employees are loaded into the Annual Course. This is a one-time load into annual training and employees are only removed from the annual training due to separations and leave of absences. If they were not registered for annual training, they will be enrolled in the New Hire/Return to Work training.</p> <p>Board members are trained via paper training (same content).</p> <p>The individual obtain a certificate of completion upon completing the course that is also saved in the training system. The Ethics Officer is able to review all employees and their training status and certificates are available to print.</p> <p>Human Resources was notified on 11/19/19 of employees who had not completed the Annual Training. In addition, Human Resources will be provided a copy of this year-end report.</p> <p>Weekly email reminders are sent to employees and supervisors of any employees that have not completed the required trainings.</p>
