

Notice of Cancellation of Public Hearing

On October 5, 2012, a Notice of Public Information (Notice) was published in the Illinois Register for the purpose of accepting written public comments and requests for a public hearing on proposed revisions to the Illinois EPA's State Implementation Plan (SIP) for ozone relating to the Vehicle Emissions Inspection and Maintenance program (I/M program). The Notice specified that a public hearing would be held on November 13, 2012, if a timely request for a public hearing was received by November 5, 2012. No requests for a public hearing were received.

Pursuant to the Notice, the Illinois EPA is required to post either a Verification of the Public Hearing or a Cancellation of the Public Hearing on its website on November 8, 2012. Since no requests for a public hearing were received by November 5, 2012, the public hearing originally scheduled for November 13, 2012, has been cancelled. The written public comment period closed November 5, 2012.

Dean Studer
Hearing Officer

Dated: November 8, 2012
