

Illinois Environmental Protection Agency

Site: 1790305011/Tazewell County
Hopedale/Indian Creek Landfill 2

Sampling Date: February 14, 2017

Description of sampling: Groundwater samples were collected by personnel from the Illinois EPA and PDC Technical Services. The samples were split for analysis by each party.

Monitoring wells sampled: G02D, G06D, G18D, and G29D

Laboratories performing analysis: Illinois EPA samples were analyzed by Illinois EPA's in-house laboratory. PDC Technical Services samples were analyzed by PDC Laboratories.

Sampling results: No meaningful discrepancies between the samples were noted. The relative percent difference between the sample results were within acceptable ranges. Copies of the sample results are attached, along with a table comparing the results and their relative percent difference (RPD).
