CO., an Illinois corporation,)

Defendants.)

**SECOND AGREED MODIFICATION TO SECOND AGREED PRELIMINARY
INJUNCTION ORDER**

1. On June 11, 2014, the Court entered a Second Agreed Preliminary Injunction Order with 300 West LLC ("300 West") and The Arnold Engineering Co. ("Arnold" and together with 300 West "the Defendants"), in which the Defendants agreed to certain compliance provisions ("Second Agreed Order").

2. On March 12, 2015, the First Agreed Modification to Second Agreed Preliminary Injunction Order was filed with the Court (the "First Agreed Modification").

3. Sections IV.10(b)(ii) and (iii) of the Second Agreed Order, as modified, are hereby deleted in their entirety and replaced with the following:

ii. ***On-Site Monitoring Well Sampling Deadlines.***

- 1) On or before March 27, 2015, the Defendants shall complete the installation of all monitoring wells, as depicted on Exhibit 1.
- 2) On or before April 8, 2015, the Defendants shall complete

sampling of all on-Site monitoring well locations, as depicted on Exhibit 1.

3) On or before April 15, 2015, the Defendants shall submit to Illinois EPA analytical results of samples for all on-Site monitoring well locations, as depicted on Exhibit 1.

4) On or before May 8, 2015, the Defendants shall submit to Illinois EPA via email (with hard copies to be submitted thereafter) an on-Site monitoring well letter report setting forth:

(aa) All raw analytical data presented in tabular format (The table should at a minimum include: sample location, depth of sample, most stringent remediation objective, analytical results, and any exceedance of the most stringent objective should be highlighted);

(bb) Figures which show the sampling locations with the location identifications (e.g. GW-1, GW-2); and

(cc) If necessary to delineate the nature and extent of on-Site contamination, a proposed plan with proposed locations for additional delineation of the nature and extent of contamination as well as a schedule for implementation.

5) If the Illinois EPA approves with conditions or disapproves of such on-Site monitoring well letter report, the Defendants shall, within fourteen (14) business days after receiving the Illinois EPA's written notice of such approval with conditions or disapproval, unless the Illinois EPA grants, in writing, a longer time period, submit a proposal to the Illinois EPA, that addresses all conditions or deficiencies identified by the Illinois EPA in its approval with conditions or disapproval.

iii. ***On-Site Soil Boring and Sampling Deadlines.***

1) On or before May 20, 2015, the Defendants shall complete all on-Site soil boring locations and all sampling at such locations, as depicted on Exhibit 1.

2) On or before June 17, 2015, the Defendants shall submit to Illinois EPA analytical results of samples for all on-Site

soil boring locations, as depicted on Exhibit 1.

3) On or before June 30, 2015, the Defendants shall submit to Illinois EPA via email (with hard copies to be submitted thereafter) an on-Site soil sampling letter report setting forth:

(aa) All raw analytical data presented in tabular format (The table should at a minimum include: sample location, depth of sample, most stringent remediation objective, analytical results, and any exceedance of the most stringent objective should be highlighted);

(bb) Figures which show the sampling locations with the location identifications (e.g. SP-1, SP-2); and

(cc) If necessary to delineate the nature and extent of on-Site contamination, a proposed plan with proposed locations for additional delineation of the nature and extent of contamination as well as a schedule for implementation.

5) If the Illinois EPA approves with conditions or disapproves of such on-Site soil sampling letter report, the Defendants shall, within fourteen (14) business days after receiving the Illinois EPA's written notice of such approval with conditions or disapproval, unless the Illinois EPA grants, in writing, a longer time period, submit a proposal to the Illinois EPA, that addresses all conditions or deficiencies identified by the Illinois EPA in its approval with conditions or disapproval.

4. This Second Agreed Modification to Second Agreed Preliminary Injunction Order is incorporated by reference in the Second Agreed Order that was entered by this Court on June 11, 2014, as modified by the First Agreed Modification filed on March 12, 2015.

5. Except as modified herein, all of the other provisions of the Second Agreed Order that was entered by this Court on June 11, 2014, as modified by the First Agreed Modification filed on March 12, 2015, remain in full force and effect.

6. This Second Agreed Modification to Second Agreed Preliminary Injunction Order may be executed by the parties in one or more counterparts, all of which taken together, shall constitute one and the same instrument.
