

This list is not a representation of all entities which may be able to apply for the IEPA's Unsewered Communities Construction or Grant Programs.

The list of "Facilities" below are communities in Illinois the Illinois Environmental Protection Agency (IEPA) has become aware of over the years that do not have wastewater collection and/or treatment facilities.

There may be additional communities in Illinois where residents are not served by wastewater collection and/or treatment facilities and some of these communities may have become served by wastewater collection and/or treatment facilities in recent years.
