

Application Period

October 1
thru
November 19
2021

A funding opportunity to bring innovative care to your community.

The Health Transformation Collaborative is a \$60 million investment in fiscal year 2022 to improve health and wellness for individuals and communities.

PROGRAM GOALS

The HTC program aims to spur sustainable, equitable, customer-focused change through outcome-based solutions to reduce health disparities.

TO ACHIEVE TRANSFORMATIVE CHANGE, WE NEED TO:

- ✓ Enable consumers to have a say in the transformation they want and need in order to reorient healthcare delivery around them.
- ✓ Prioritize innovation partnerships that integrate physical health, behavioral and social determinants of health to improve patient outcomes.

HFS IS SEEKING INNOVATIVE PARTNERSHIPS THAT:

- ✓ Re-imagine the way healthcare is provided in communities
- ✓ Focus on Illinois' socially vulnerable communities, including those most impacted by COVID-19
- ✓ Include community organizations that address social and structural determinants of health
- ✓ Address inequities in healthcare delivery
- ✓ Address historic and systemic racism in the delivery of healthcare
- ✓ Clearly define metrics for their work and measure outcomes against these metrics
- ✓ Include minority- and women-owned businesses in their work

**** All collaborations must include a registered Illinois Medicaid Provider that is eligible to bill for Medicaid services.**

Attend the virtual informational webinar

Sept 30
2:00-3:30pm

[CLICK HERE TO REGISTER.](#)
