Mission Statement

*The Illinois Deaf and Hard of Hearing Commission shall promote system change, community education and collaboration to advance effective communication access for all individuals with hearing loss in Illinois.*

Objectives

The Illinois Deaf and Hard of Hearing Commission (IDHHC) promotes education and awareness about hearing loss and the legal requirements for effective communication on behalf of people with hearing loss in Illinois.

The Commission strives to promote independence for individuals with hearing loss by providing technical assistance and training to enhance public and private programs, and by making legislative and policy recommendations to assure accessibility.

The Commission provides statewide resources to assist the Deaf, Hard of Hearing, and DeafBlind community in Illinois. The Commission also regulates licensure for sign language interpreters and maintain an online directory of all licensed Illinois sign language interpreters.

Core Functions

- Promote independence for individuals with a hearing loss
- Increase quality and number of sign language interpreters
- Provide educational awareness regarding hearing loss
- Provide statewide resources

Vision Statement

*All Illinois residents with a hearing loss will enjoy the benefits of a fully accessible society enabling each person to participate in and contribute to all aspects of life.*

History

In 1995, various leaders in the Deaf and Hard of Hearing community started discussing the desire for a governmental body to focus on the needs of individuals with hearing loss. This group developed into a Task Force to lobby for the formation of a new state agency.

The Governor issued an amendatory veto to legislation establishing Illinois Deaf and Hard of Hearing Commission (IDHHC) as a state agency and changed it to an advisory committee under the Department of Human Services. Based on the Deaf and Hard of Hearing community outcry, the House and Senate both overrode the Governor’s veto. While officially established on January 1, 1997, IDHHC opened its office in November 1998, when the first Director was hired.
Statewide Services, Resources, and Information

The Commission provides statewide services, resources, and information about Deaf, Hard of Hearing, and DeafBlind. During the Fiscal Year 2018, the Commission received 13,317 public inquiries and provided requested information and referral as appropriate to individuals, and public and private entities for issues including, but not limited to, accessibility and accommodation issues, advocacy organizations, assistive technology, centers on independent living, discrimination complaints, educational options, service and resource availability, sign language interpreters and communication access, telecommunication equipment, and state Vocational Rehabilitation (VR) program. On an ongoing basis, the Commission reviews federal and state statutes, regulations, and policies regarding Deaf, Hard of Hearing, and DeafBlind.

Community Outreach & Collaboration

The Commission promotes outreach effort to all Deaf, Hard of Hearing, and DeafBlind communities to increase visibility and awareness of the Commission program and operations. Some of the highlights during the Fiscal Year 2018, the Commission attended the Roundtable with all Interpreter Training Program (ITP) representatives on collaboration ways to support and strengthen the training program for prospect interpreters; the Commission solicited public comments by hosting the stakeholder’s forum in Northern and Southern Illinois pursuant to the Senate Resolution 528; and the Commission, in coordination with the Governor’s Office, submitted the Senate Resolution 528 report with recommendations to identify the needs and priorities of the various segments of the Deaf, Hard of Hearing and DeafBlind community.

Technical Assistance, Consultation, & Training Support

The Commission provides technical assistance, consultation, and training support to improve access to public and private programs and services for persons who are Deaf, Hard of Hearing, and DeafBlind. Some of the highlights during the Fiscal Year 2018, the Commission hosted the training for school administrators and parents focused on the special education laws and development of Individualized Education Plans (IEPs); sponsored training for DeafBlind in Southern Illinois; and hosted the BEI Rater Training to increase the number of raters for BEI Certification Testing.
