To Governor Pritzker and the People of Illinois:

On behalf of the Illinois Deaf and Hard of Hearing Commission (IDHHC), I am pleased to submit the 2021 Annual Report reflecting the fiscal year from July 1, 2020 to June 30, 2021.

Governed by eleven (11) Commissioners who are appointed by the Governor’s Office, the Commission promotes education and awareness of the legal requirements for effective communication. The Commission also serves as the regulatory and licensing body responsible for licensing sign language interpreters in the State in accordance to the Interpreter for the Deaf Licensure Act of 2007.

During the course of the fiscal year, the Commission continued to meet the challenges presented by the COVID-19 pandemic. The Commission navigated through the challenges by transitioned to remote working environments, conducted meetings remotely using the video technology platform for Commissioners and Licensure Board with livestream to the public in accordance to the Open Meetings Act, and practiced to safely work in the office on a part time basis in adherence to the health and safety protocols.

Despite the challenges limiting the Commission’s capabilities to create or accomplish certain goals and objectives, the Commission staff continued its work diligently to assure equality, respect, accessibility and independence for all individuals with a hearing loss. This annual report highlights important information, notable accomplishments, and statistics.

The Commission looks forward to continuing its collaboration with the state agencies as well as partnerships with the stakeholders to identify, address and remove systemic and isolated barriers Deaf, Hard of Hearing and DeafBlind individuals face on a daily basis.

Respectfully submitted,

Benro Ogunyipe, Director

- Provide statewide resources

Vision Statement
All Illinois residents with a hearing loss will enjoy the benefits of a fully accessible society enabling each person to participate in and contribute to all aspects of life.

History
In 1995, various leaders in the Deaf and Hard of Hearing community started discussing the desire for a governmental body to focus on the needs of individuals with hearing loss. This group developed into a Task Force to lobby for the formation of a new state agency.

The Governor issued an amendatory veto to legislation establishing Illinois Deaf and Hard of Hearing Commission (IDHHC) as a state agency and changed it to an advisory committee under the Department of Human Services. Based on the Deaf and Hard of Hearing community outcry, the House and Senate both overrode the Governor’s veto. While officially established on January 1, 1997, IDHHC opened its office in November 1998, when the first Director was hired.
