II. PROCEDURE

A. Purpose

The purpose of this directive is to establish a written procedure for the recalculation of sentences when good conduct credits are revoked.

B. Applicability

C. Facility Reviews

A facility review of this directive is covered under the facility reviews conducted at least annually for Administrative Directive 01.07.400.

D. General Provisions

1. Good conduct credits may be revoked from an individual in custody's sentence due to a disciplinary report pursuant to Department Rule 504.
2. If the amount of time at issue exceeds 30 days or when during any 12 month period the cumulative amount of credits revoked exceeds 30 days, the revocation must be approved by the Prisoner Review Board (PRB).

E. Calculation

1. All calculations required in accordance with this directive shall be completed using the Revocation of Good Conduct Credits When Sentence is Determinate Under 1978 Law, DOC 0621.

number of days, months or years being revoked and the date the Director issued the order.

3. Record the custody date as established in the master record file and add the sentence less good conduct credits to determine the projected out date. If this sentence was entered under the Indeterminate Law and the individual in custody has accepted dates set by the PRB, record the projected out date as set by the PRB. Add or subtract any previous time lost or awarded to determine the projected out date. Add the present revocation to determine the adjusted projected out date.

NOTE: Results of the calculations shall be shared with the individual in custody.
