**I. POLICY**

The Department shall repair and maintain the physical plant and equipment related to Correctional Industries.

**II. PROCEDURE**

**A. Purpose**

The purpose of this directive is to establish a written policy specifying responsibility for repair and maintenance of the physical plant and equipment, and liability for utility expenses.

**B. Applicability**

This directive is applicable to all correctional facilities within the Department that operate Correctional Industries programs and the Correctional Industries Central Office.

**C. Facility Reviews**

A facility review of this directive shall be conducted at least annually.

**D. Designees**

Individuals specified in this directive may delegate stated responsibilities to another person or persons unless otherwise directed.

**E. Requirements**

1. The Industry Superintendent shall inform the facility's Chief Engineer of any repairs required to buildings used in the Correctional Industries programs.
  - a. The Chief Engineer shall repair and maintain the physical plant.
  - b. All major repair work shall receive prior approval of the Chief Administrative Officer and the Facility Administrator, following consultation with the Correctional Industries Central Office if production is to be disrupted.
  - c. The Chief Engineer shall inform the Industry Superintendent, the Shop Supervisor and the Facility Administrator of any repair or maintenance work to be performed on the physical plant that might interrupt production. Scheduling of such repair and maintenance shall be subject to the approval of the Industry Superintendent.
